Policy 7:15

Student and Family Privacy Rights

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in School Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child or ward to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child/ward's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's "personal information" to a business organization or financial institution that issues credit or debit cards.

Notification of Rights and Procedures

The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child or ward out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled.
4. How to request access to any survey or other material described in this policy.

This notification shall be given parents/guardians at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

The rights provided to parents/guardians in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.

Surveys 2

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in School Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party 3

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information 4

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law requires this subject matter be covered by policy. State or federal law controls this policy's content. The Protection of Pupil Rights Act requires any school district, "that receives funds under any applicable program [to] develop and adopt policies, in consultation with parents, regarding [statutory privacy rights]." 20 U.S.C. §1232h(c)(1). *Any applicable program* generally refers to any federal program administered by the U.S. Dept. of Education. 20 U.S.C. §1221(c). *Consultation with parents* is not defined; boards are advised, at minimum, to publicize the issue and request public comment during the policy's adoption.

² This paragraph is not dictated by law. It, however, contains the principles to guide staff and should be carefully considered and re-crafted by each board. Note that IASB sample board policy 6:10, *Educational Philosophy and Objectives*, is very broad and will thus justify surveys covering many subjects. However, it would prohibit the collection of information for marketing or selling (see f/n 13 of this policy); delete reference if the board wants the option of selling personal information that is collected from students, such as in the following:

A survey requesting personal information from students, as well as any other instrument used to collect personal information from students, must have a business, educational, or marketing justification.

Another alternative is to strictly restrict the subjects on which students may be surveyed, as in the following:

All surveys requesting information from students, as well as any other instrument used to collect personal information from students, must be for the purpose of monitoring the quality of the District's educational programs or assisting students' career choices.

³ Required by 20 U.S.C. §§1232h(c)(1)(A)(i) and 1232h(c)(2)(A)(ii).

⁴ Required by 20 U.S.C. §1232h(c)(1)(B). Consult the board attorney to review the survey or questions before administering it. Given the current political climate, attorneys in the field are voicing concern about the increase in schools and staff requesting inappropriate information from a student, e.g., the number of people and/or families living in his or her home and/or whether firearms are present in the student's home.

3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request,⁵ and/or
2. Refuse to allow their child to participate in the activity described above.⁶ The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material ⁷

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments. ⁸

Physical Exams or Screenings ⁹

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term *invasive physical examination* means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification. ¹⁰

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ 20 U.S.C. §1232h(c)(1)(C)(i).

⁶ 20 U.S.C. §1232h(c)(2)(A)(ii).

⁷ Required by 20 U.S.C. §1232h(c)(1)(C)(i).

⁸ 20 U.S.C. §1232h(c)(6)(A).

⁹ The Protection of Pupil Rights Act states that student's parent(s)/guardian(s) may refuse to allow the student to participate in "non-emergency, invasive physical examination or screening." 20 U.S.C. §1232h(c)(2)(A)(ii). This does not necessarily mean, however, that schools have authority to conduct invasive physical examinations or screenings of students. In order to avoid misunderstandings, the sample policy prohibits physical examinations and screenings of students as those terms are defined in the policy (and federal law).

A board that wants to retain this option must strike the first sentence and replace it with the following:

A student's parent(s)/guardian(s) may refuse to allow the student to participate in any non-emergency, invasive physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student, or of other students.

2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.). ¹¹
3. Is administered pursuant to the District's extracurricular drug and alcohol testing program (see Policy 7:240, *Conduct Code for Participants in Extracurricular Activities*). ¹²
4. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited ¹³

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information* means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card. ¹⁴

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following: ¹⁵

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's *personal information* to a business organization or financial institution that issues credit or debit cards. ¹⁶

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹⁰ 20 U.S.C. §1232h(c)(4)(B)(ii).

¹¹ 20 U.S.C. §1232h(c)(5)(A)(ii).

¹² Delete if the board has not adopted a drug and alcohol testing program for extracurricular participants in 7:240, *Conduct Code for Participants in Extracurricular Activities*. Also delete reference to 7:240, *Conduct Code for Participants in Extracurricular Activities* in this policy's cross references.

¹³ The Children's Privacy Protection and Parental Empowerment Act, 325 ILCS 17/, prohibits the sale of personal information concerning a child under the age of 16, with a few exceptions, unless the parent(s)/guardian(s) have consented. Federal law is similar but not identical. Compare 20 U.S.C. §1232h(c)(1)(E). In order to effectuate both laws, the sample policy prohibits the sale or marketing of *personal information* unless the parents/guardians have consented.

Student Assignment and Intra-District Transfers

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will review the boundary lines annually and recommend any changes to the School Board. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

Transfers Within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. The provisions in this section have no applicability to transfers pursuant to: (1) Title I covered in Board policy 6:15, *School Accountability*, or (2) the Unsafe School Choice Option covered in Board policy 4:170, *Safety*.

¹ State law requires that intra-district transfers be covered by policy and controls this policy's content (105 ILCS 5/10-21.3a).

² School attendance areas must be periodically revised, if necessary, to prevent or eliminate segregation by color, race, or nationality (105 ILCS 5/10-21.3).

³ State law grants boards broad authority concerning assignment of students to schools (105 ILCS 5/10-22.5). ³ Required by 20 U.S.C. §§1232h(c)(1)(A)(i) and 1232h(c)(2)(A)(ii).

⁴ Required by 20 U.S.C. §1232h(c)(1)(B). Consult the board attorney to review the survey or questions before administering it. Given the current political climate, attorneys in the field are voicing concern about the increase in schools and staff requesting inappropriate information from a student, e.g., the number of people and/or families living in his or her home and/or whether firearms are present in the student's home.

3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request,⁵ and/or
2. Refuse to allow their child to participate in the activity described above.⁶ The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material ⁷

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments. ⁸

Physical Exams or Screenings ⁹

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term *invasive physical examination* means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification. ¹⁰

⁵ 20 U.S.C. §1232h(c)(1)(C)(i).

⁶ 20 U.S.C. §1232h(c)(2)(A)(ii).

⁷ Required by 20 U.S.C. §1232h(c)(1)(C)(i).

⁸ 20 U.S.C. §1232h(c)(6)(A).

⁹ The Protection of Pupil Rights Act states that student's parent(s)/guardian(s) may refuse to allow the student to participate in "non-emergency, invasive physical examination or screening." 20 U.S.C. §1232h(c)(2)(A)(ii). This does not necessarily mean, however, that schools have authority to conduct invasive physical examinations or screenings of students. In order to avoid misunderstandings, the sample policy prohibits physical examinations and screenings of students as those terms are defined in the policy (and federal law).

A board that wants to retain this option must strike the first sentence and replace it with the following:

A student's parent(s)/guardian(s) may refuse to allow the student to participate in any non-emergency, invasive physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student, or of other students.

2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.). ¹¹
3. Is administered pursuant to the District's extracurricular drug and alcohol testing program (see Policy 7:240, *Conduct Code for Participants in Extracurricular Activities*). ¹²
4. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited ¹³

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information* means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card. ¹⁴

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following: ¹⁵

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's *personal information* to a business organization or financial institution that issues credit or debit cards. ¹⁶

¹³ The Children's Privacy Protection and Parental Empowerment Act, 325 ILCS 17/, prohibits the sale of personal information concerning a child under the age of 16, with a few exceptions, unless the parent(s)/guardian(s) have consented. Federal law is similar but not identical. Compare 20 U.S.C. §1232h(c)(1)(E). In order to effectuate both laws, the sample policy prohibits the sale or marketing of *personal information* unless the parents/guardians have consented.

Notification of Rights and Procedures ¹⁷

The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled. ¹⁸
4. How to request access to any survey or other material described in this policy.

This notification shall be given parents/guardians at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

Student Assignment and Intra-District Transfers

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will review the boundary lines annually and recommend any changes to the School Board. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

Transfers Within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. ³ State law grants boards broad authority concerning assignment of students to schools (105 ILCS 5/10-22.5). Attendance

Policy 7:70

Attendance and Truancy

Compulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of 7 and 17 years of age (unless the child has graduated from high school), or (b) who is enrolled in any of grades, kindergarten through 12, in the public school regardless of age. These individuals must cause the child to attend the District school wherein the child is assigned, except as provided herein or by State law. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with The School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified.
2. A process to telephone, within 2 hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
3. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in The School Code, Section 26-2a.
4. Methods for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information.
5. The identification of supportive services that may be offered to truant or chronically truant students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program.
6. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered. 7:70 Page 2 of 2
7. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, Student Records, as well as State and federal law concerning school student records.
8. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.
9. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.

Attendance and Truancy 1

Compulsory School Attendance 2

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 12 in the public school regardless of age.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to policy 7:90, *Release During School Hours* (10 ILCS 5/7-42 and 5/17-15), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee. 3

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State law requires boards to adopt a policy covering some of the topics herein and controls this policy's content. 105 ILCS 5/26-13 requires a policy identifying supportive services and available resources for *truants* and *chronic truants* (defined in 105 ILCS 5/26-2a, amended by P.A. 100-918). 23 Ill.Admin.Code §1.290 requires the same plus that the policy contain a definition of *valid cause* for absence in accordance with 105 ILCS 5/26-2a and a description of diagnostic procedures to identify the cause(s) of unexcused student absenteeism.

² 105 ILCS 5/26-2, amended by P.A. 100-825, addresses enrolled students below or over set compulsory attendance ages. The law also requires any persons having custody or control of a child who is enrolled in grades kindergarten through 12 in the public school to cause the child to attend school.

105 ILCS 5/26-1 contains the compulsory school age exemptions. Each listed exception is specifically included in the statute, except the reference to *home school*. See 7:40, *Nonpublic School Students, Including Parochial and Home-Schooled Students*, regarding assigning students who enroll from a non-public school. See 6:150, *Home and Hospital Instruction*, regarding providing instruction to a pregnant student or other student who is medically unable to attend school.

³ These reasons are in 105 ILCS 5/26-2a, amended by P.A. 100-810, except that (1) "other reason as approved by the Superintendent," and (2) absences for students to vote authorized by 10 ILCS 5/7-42 and 5/17-15, amended by P.A. 101-624, eff. 6-1-20 were added. An Ill. State Board of Education (ISBE) rule requires that the absenteeism and truancy policy defines valid causes for absence. 23 Ill.Admin.Code §1.290.

For elementary districts, delete the following phrase from the second sentence of this paragraph: "~~voting pursuant to policy 7:90, Release During School Hours (10 ILCS 5/7-42 and 5/17-15),~~" and delete 7:90, *Release During School Hours*, from the Cross References.

For high school and unit districts that do not wish to include the **Voting** subhead in policy 7:90, *Release During School Hours*, amend the second sentence of this paragraph as follows: "~~policy 7:90, Release During School Hours (the Election Code, 10 ILCS 5/7-42 and 5/17-15),~~" and delete 7:90, *Release During School Hours* from the Cross References.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified. ⁴
2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran. ⁵
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. ⁶
4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification. ⁷
5. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in 105 ILCS 5/26-2a.
6. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem. ⁸
7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁴ Any child "necessarily and lawfully employed" may be exempted from attendance by the superintendent "on certification of the facts by and the recommendation of the school board." 105 ILCS 5/26-1. The policy's language serves to delegate this "certification of the facts" to the superintendent or designee. The following option allows a board to consider and include specific criteria in the policy:

A student may be excused, at the Superintendent's discretion, when: (1) the student has a last period study hall, (2) the parent/guardian provides written permission, (3) the student's employer provides written verification of employment, (4) the student provides evidence of a valid work permit, or (5) other reason deemed justifiable by the Superintendent.

Child Labor laws include: 29 C.F.R. Part 570 (minimum age standards, occupations, conditions, etc.); 820 ILCS 205/ (child labor laws); 56 Ill.Admin.Code Part 250 (child labor regulations).

⁵ 105 ILCS 5/26-1. A student must notify the building principal or other administrator at least two days prior to the absence providing the date, time, and location of the military honors funeral. This requirement may be waived if the student did not receive notice at least two days in advance, but the student shall notify the administration as soon as possible of the absence.

A student whose absence is excused to sound *Taps* shall be counted in attendance for purposes of calculating the average daily attendance of students in the district. The district must allow the student reasonable time to make up school work and if school work is satisfactorily completed, the day of absence is counted as an attendance day for the student.

⁶ 105 ILCS 5/26-1, amended by P.A. 100-185. Such a student must be granted five days of excused absences in any school year and, at the board's discretion, may be granted additional excused absences to visit the student's parent/guardian. The student and his/her parent/guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence and for ensuring that such assignments are completed by the student prior to his/her return to school from the excused absence period. Id.

⁷ This notification is required by 105 ILCS 5/26-3b.

counseling, or information about community agency services.⁹ See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.

8. Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement. ¹⁰
9. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered. ¹¹
10. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records. ¹²
11. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student. ¹³

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁹ 23 Ill.Admin.Code §1.290(b)(3). The School Code references to dropout prevention include: 105 ILCS 5/26-3a (regional superintendent activities and annual report); 105 ILCS 5/10-20.25a (annual report by boards); and 105 ILCS 5/1A-4(E) (ISBE report).

105 ILCS 5/26-18, added by P.A. 100-156, requires districts to collect and review chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. 105 ILCS 5/26-18(c). The review must include an analysis of chronic absence data from each attendance center. *Id.* Districts are also encouraged to: (1) provide a system of support to students at risk of reaching or exceeding chronic absence levels, i.e., those available through the Illinois Multi-tiered Systems of Support Network; and (2) make resources available to families, i.e., those available through ISBE's Family Engagement Framework, to support and engage students and their families. 105 ILCS 5/26-18(d). *Chronic absence* means "absences that total 10% or more of school days of the most recent school year, including absences with and without valid cause, as defined in Section 26-2a of this Code, and out-of-school suspensions for an enrolled student." 105 ILCS 5/26-18(a). In contrast, a *chronic or habitual truant* is "a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days." 105 ILCS 5/26-2a.

¹⁰ 105 ILCS 5/10-22.6(c-5), amended by P.A. 100-810.

¹¹ Use this alternative for districts in suburban Cook County: replace "Regional Office of Education" with "appropriate Intermediate Service Center."

¹² 105 ILCS 5/26-9 requires school officers and superintendents to assist truant officers. A minor who is reported by the regional superintendent as a chronic truant may be adjudicated a "truant minor in need of supervision" if the minor declines or refuses to fully participate in truancy intervention services. 705 ILCS 405/3-33.5.

Counties may regulate truants by ordinance and impose fines and/or community services on truants or, if the truant is under 10 years of age, on the parent or custodian. 55 ILCS 5/5-1078.2. Municipalities may regulate truants by ordinance and impose fines and/or community services on truants or, if the truant is under 13 years of age, on the parent or custodian. 65 ILCS 5/11-5-9. Local officials or authorities that enforce, prosecute, or adjudicate municipal ordinances adopted under 65 ILCS 5/11-5-9, or that work with school districts to address truancy problems, are designated as: (a) part of the juvenile justice system, established by the Juvenile Court Act of 1987, and (b) *juvenile authorities* within the definition set forth in subsection (a)(6.5) of Section 10-6 of the Ill. School Student Records Act. 105 ILCS 10/6(a)(6.5). *Id.* **A superintendent should consult with the board attorney before disclosing school student records to non-district entities.** See 7:340-API, *School Student Records*, for a sample procedure for release of such records to juvenile authorities.

¹³ 105 ILCS 5/26-12, amended by P.A. 100-825, prohibits punitive action "unless available supportive services and other school resources have been provided to the student." In addition, "a truant minor may not be expelled for nonattendance unless he or she has accrued 15 consecutive days of absences without valid cause and the student cannot be located by the school district or the school district has located the student but cannot, after exhausting all available support services, compel the student to return to school." *Id.*

12. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies. ¹⁴

[For high school and unit districts only]

13. A process for a 17-year-old resident to participate in the District's various programs and resources for truants.¹⁵ The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *School Admissions and Student Transfers To and From Non-District Schools*.

¹⁴ 105 ILCS 5/26-3a requires the district to "establish, in writing, a set of criteria for use by the local superintendent of schools in determining whether a pupil's failure to attend school is the result of extraordinary circumstances, including but not limited to economic or medical necessity or family hardship."

This statute also requires the "clerk or secretary" of the board to quarterly report to the regional superintendent and Secretary of State the identity of students who were removed from the regular attendance roll, exclusive of transferees, because they were expelled; have withdrawn; left school; withdrew due to extraordinary circumstances; have re-enrolled in school since their names were removed from the attendance rolls; were certified to be chronic or habitual truants; or were previously certified as chronic or habitual truants who have resumed regular school attendance. The statute provides that the status of a driver's license or instructional permit will be jeopardized for a student who is the subject of this notification because of non-attendance unless the non-attendance is due to extraordinary circumstances as determined by the local district. State Superintendent Koch announced in his *Weekly Message*, 8-28-07, see **Funding & Disbursements** subhead, p.2, at: www.isbe.net/Documents_Superintendent_Weekly_Message/message_082807.pdf, that ISBE is delaying implementing this statute based upon legal guidance from the U.S. Dept. of Education's Family Policy Compliance Office that its implementation would violate the federal Family Educational Rights and Privacy Act.

¹⁵ A district must allow this participation; the length of the drop-out period and the documentation requirement contained in the next sentence are permissive. 105 ILCS 5/26-14.

Release Time for Religious Instruction/Observance

A student shall be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Building Principal at least 5 calendar days before the student's anticipated absence(s). This notice shall satisfy the District's requirement for a written excuse when the student returns to school.

The Superintendent shall develop and distribute to teachers appropriate procedures regarding student absences for religious reasons and include a list of religious holidays on which a student shall be excused from school attendance, how teachers are notified of a student's impending absence, and the State law requirement that teachers provide the student with an equivalent opportunity to make up any examination, study, or work requirement.

¹ State and federal laws control this policy's content. 105 ILCS 5/26-1(5) requires school boards to adopt a policy on student absences for religious holidays. See also 105 ILCS 5/26-2b. 105 ILCS 5/26-1(4) allows a child over 12 and less than 14 years of age to be absent from school while in attendance at confirmation classes. The sample policy does not contain these age or specific religious rite limitations in order to be consistent with First Amendment jurisprudence. According to the United States Supreme Court, a release time policy does not violate the Establishment Clause; it only accommodates a program of outside religious instruction. *Zorach v. Student and Family Privacy Rights

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in School Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child or ward to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child/ward's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's "personal information" to a business organization or financial institution that issues credit or debit cards.

Notification of Rights and Procedures

The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child or ward out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled.
4. How to request access to any survey or other material described in this policy.

This notification shall be given parents/guardians at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

The rights provided to parents/guardians in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.

Surveys 2

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in School Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party 3

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information 4

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law requires this subject matter be covered by policy. State or federal law controls this policy's content. The Protection of Pupil Rights Act requires any school district, "that receives funds under any applicable program [to] develop and adopt policies, in consultation with parents, regarding [statutory privacy rights]." 20 U.S.C. §1232h(c)(1). *Any applicable program* generally refers to any federal program administered by the U.S. Dept. of Education. 20 U.S.C. §1221(c). *Consultation with parents* is not defined; boards are advised, at minimum, to publicize the issue and request public comment during the policy's adoption.

² This paragraph is not dictated by law. It, however, contains the principles to guide staff and should be carefully considered and re-crafted by each board. Note that IASB sample board policy 6:10, *Educational Philosophy and Objectives*, is very broad and will thus justify surveys covering many subjects. However, it would prohibit the collection of information for marketing or selling (see f/n 13 of this policy); delete reference if the board wants the option of selling personal information that is collected from students, such as in the following:

A survey requesting personal information from students, as well as any other instrument used to collect personal information from students, must have a business, educational, or marketing justification.

Another alternative is to strictly restrict the subjects on which students may be surveyed, as in the following:

All surveys requesting information from students, as well as any other instrument used to collect personal information from students, must be for the purpose of monitoring the quality of the District's educational programs or assisting students' career choices.

³ Required by 20 U.S.C. §§1232h(c)(1)(A)(i) and 1232h(c)(2)(A)(ii).

⁴ Required by 20 U.S.C. §1232h(c)(1)(B). Consult the board attorney to review the survey or questions before administering it. Given the current political climate, attorneys in the field are voicing concern about the increase in schools and staff requesting inappropriate information from a student, e.g., the number of people and/or families living in his or her home and/or whether firearms are present in the student's home.

3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request,⁵ and/or
2. Refuse to allow their child to participate in the activity described above.⁶ The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material ⁷

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments. ⁸

Physical Exams or Screenings ⁹

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term *invasive physical examination* means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification. ¹⁰

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ 20 U.S.C. §1232h(c)(1)(C)(i).

⁶ 20 U.S.C. §1232h(c)(2)(A)(ii).

⁷ Required by 20 U.S.C. §1232h(c)(1)(C)(i).

⁸ 20 U.S.C. §1232h(c)(6)(A).

⁹ The Protection of Pupil Rights Act states that student's parent(s)/guardian(s) may refuse to allow the student to participate in "non-emergency, invasive physical examination or screening." 20 U.S.C. §1232h(c)(2)(A)(ii). This does not necessarily mean, however, that schools have authority to conduct invasive physical examinations or screenings of students. In order to avoid misunderstandings, the sample policy prohibits physical examinations and screenings of students as those terms are defined in the policy (and federal law).

A board that wants to retain this option must strike the first sentence and replace it with the following:

A student's parent(s)/guardian(s) may refuse to allow the student to participate in any non-emergency, invasive physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student, or of other students.

2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.). ¹¹
3. Is administered pursuant to the District's extracurricular drug and alcohol testing program (see Policy 7:240, *Conduct Code for Participants in Extracurricular Activities*). ¹²
4. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited ¹³

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information* means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card. ¹⁴

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following: ¹⁵

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. 5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's *personal information* to a business organization or financial institution that issues credit or debit cards. ¹⁶

¹³ The Children's Privacy Protection and Parental Empowerment Act, 325 ILCS 17/, prohibits the sale of personal information concerning a child under the age of 16, with a few exceptions, unless the parent(s)/guardian(s) have consented. Federal law is similar but not identical. Compare 20 U.S.C. §1232h(c)(1)(E). In order to effectuate both laws, the sample policy prohibits the sale or marketing of *personal information* unless the parents/guardians have consented.

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's "personal information" to a business organization or financial institution that issues credit or debit cards.

Notification of Rights and Procedures

The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child or ward out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled.
4. How to request access to any survey or other material described in this policy.

This notification shall be given parents/guardians at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

The rights provided to parents/guardians in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.

Surveys 2

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in School Board policy 6:10, *Educational Philosophy and Objectives*, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party 3

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information 4

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law requires this subject matter be covered by policy. State or federal law controls this policy's content. The Protection of Pupil Rights Act requires any school district, "that receives funds under any applicable program [to] develop and adopt policies, in consultation with parents, regarding [statutory privacy rights]." 20 U.S.C. §1232h(c)(1). *Any applicable program* generally refers to any federal program administered by the U.S. Dept. of Education. 20 U.S.C. §1221(c). *Consultation with parents* is not defined; boards are advised, at minimum, to publicize the issue and request public comment during the policy's adoption.

² This paragraph is not dictated by law. It, however, contains the principles to guide staff and should be carefully considered and re-crafted by each board. Note that IASB sample board policy 6:10, *Educational Philosophy and Objectives*, is very broad and will thus justify surveys covering many subjects. However, it would prohibit the collection of information for marketing or selling (see f/n 13 of this policy); delete reference if the board wants the option of selling personal information that is collected from students, such as in the following:

A survey requesting personal information from students, as well as any other instrument used to collect personal information from students, must have a business, educational, or marketing justification.

Another alternative is to strictly restrict the subjects on which students may be surveyed, as in the following:

All surveys requesting information from students, as well as any other instrument used to collect personal information from students, must be for the purpose of monitoring the quality of the District's educational programs or assisting students' career choices.

³ Required by 20 U.S.C. §§1232h(c)(1)(A)(i) and 1232h(c)(2)(A)(ii).

⁴ Required by 20 U.S.C. §1232h(c)(1)(B). Consult the board attorney to review the survey or questions before administering it. Given the current political climate, attorneys in the field are voicing concern about the increase in schools and staff requesting inappropriate information from a student, e.g., the number of people and/or families living in his or her home and/or whether firearms are present in the student's home.

3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request,⁵ and/or
2. Refuse to allow their child to participate in the activity described above.⁶ The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material ⁷

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments. ⁸

Physical Exams or Screenings ⁹

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term *invasive physical examination* means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification. ¹⁰

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ 20 U.S.C. §1232h(c)(1)(C)(i).

⁶ 20 U.S.C. §1232h(c)(2)(A)(ii).

⁷ Required by 20 U.S.C. §1232h(c)(1)(C)(i).

⁸ 20 U.S.C. §1232h(c)(6)(A).

⁹ The Protection of Pupil Rights Act states that student's parent(s)/guardian(s) may refuse to allow the student to participate in "non-emergency, invasive physical examination or screening." 20 U.S.C. §1232h(c)(2)(A)(ii). This does not necessarily mean, however, that schools have authority to conduct invasive physical examinations or screenings of students. In order to avoid misunderstandings, the sample policy prohibits physical examinations and screenings of students as those terms are defined in the policy (and federal law).

A board that wants to retain this option must strike the first sentence and replace it with the following:

A student's parent(s)/guardian(s) may refuse to allow the student to participate in any non-emergency, invasive physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student, or of other students.

2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.). ¹¹
3. Is administered pursuant to the District's extracurricular drug and alcohol testing program (see Policy 7:240, *Conduct Code for Participants in Extracurricular Activities*). ¹²
4. Is otherwise authorized by Board policy.

Selling or Marketing Students' Personal Information Is Prohibited ¹³

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information* means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card. ¹⁴

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following: ¹⁵

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's *personal information* to a business organization or financial institution that issues credit or debit cards. ¹⁶

¹³ The Children's Privacy Protection and Parental Empowerment Act, 325 ILCS 17/, prohibits the sale of personal information concerning a child under the age of 16, with a few exceptions, unless the parent(s)/guardian(s) have consented. Federal law is similar but not identical. Compare 20 U.S.C. §1232h(c)(1)(E). In order to effectuate both laws, the sample policy prohibits the sale or marketing of *personal information* unless the parents/guardians have consented.

Student Assignment and Intra-District Transfers

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will review the boundary lines annually and recommend any changes to the School Board. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

Transfers Within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. Attendance

Policy 7:70

Attendance and Truancy

Compulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of 7 and 17 years of age (unless the child has graduated from high school), or (b) who is enrolled in any of grades, kindergarten through 12, in the public school regardless of age. These individuals must cause the child to attend the District school wherein the child is assigned, except as provided herein or by State law. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with The School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified.
2. A process to telephone, within 2 hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
3. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in The School Code, Section 26-2a.
4. Methods for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information.
5. The identification of supportive services that may be offered to truant or chronically truant students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program.
6. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered. 7:70 Page 2 of 2
7. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, Student Records, as well as State and federal law concerning school student records.
8. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.
9. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.

Attendance and Truancy 1

Compulsory School Attendance 2

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 12 in the public school regardless of age.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to policy 7:90, *Release During School Hours* (10 ILCS 5/7-42 and 5/17-15), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee. 3

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State law requires boards to adopt a policy covering some of the topics herein and controls this policy's content. 105 ILCS 5/26-13 requires a policy identifying supportive services and available resources for *truants* and *chronic truants* (defined in 105 ILCS 5/26-2a, amended by P.A. 100-918). 23 Ill.Admin.Code §1.290 requires the same plus that the policy contain a definition of *valid cause* for absence in accordance with 105 ILCS 5/26-2a and a description of diagnostic procedures to identify the cause(s) of unexcused student absenteeism.

² 105 ILCS 5/26-2, amended by P.A. 100-825, addresses enrolled students below or over set compulsory attendance ages. The law also requires any persons having custody or control of a child who is enrolled in grades kindergarten through 12 in the public school to cause the child to attend school.

105 ILCS 5/26-1 contains the compulsory school age exemptions. Each listed exception is specifically included in the statute, except the reference to *home school*. See 7:40, *Nonpublic School Students, Including Parochial and Home-Schooled Students*, regarding assigning students who enroll from a non-public school. See 6:150, *Home and Hospital Instruction*, regarding providing instruction to a pregnant student or other student who is medically unable to attend school.

³ These reasons are in 105 ILCS 5/26-2a, amended by P.A. 100-810, except that (1) "other reason as approved by the Superintendent," and (2) absences for students to vote authorized by 10 ILCS 5/7-42 and 5/17-15, amended by P.A. 101-624, eff. 6-1-20 were added. An Ill. State Board of Education (ISBE) rule requires that the absenteeism and truancy policy defines valid causes for absence. 23 Ill.Admin.Code §1.290.

For elementary districts, delete the following phrase from the second sentence of this paragraph: "~~voting pursuant to policy 7:90, Release During School Hours (10 ILCS 5/7-42 and 5/17-15),~~" and delete 7:90, *Release During School Hours*, from the Cross References.

For high school and unit districts that do not wish to include the **Voting** subhead in policy 7:90, *Release During School Hours*, amend the second sentence of this paragraph as follows: "~~policy 7:90, Release During School Hours (the Election Code, 10 ILCS 5/7-42 and 5/17-15),~~" and delete 7:90, *Release During School Hours* from the Cross References.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified. ⁴
2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran. ⁵
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. ⁶
4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification. ⁷
5. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in 105 ILCS 5/26-2a.
6. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem. ⁸
7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁴ Any child "necessarily and lawfully employed" may be exempted from attendance by the superintendent "on certification of the facts by and the recommendation of the school board." 105 ILCS 5/26-1. The policy's language serves to delegate this "certification of the facts" to the superintendent or designee. The following option allows a board to consider and include specific criteria in the policy:

A student may be excused, at the Superintendent's discretion, when: (1) the student has a last period study hall, (2) the parent/guardian provides written permission, (3) the student's employer provides written verification of employment, (4) the student provides evidence of a valid work permit, or (5) other reason deemed justifiable by the Superintendent.

Child Labor laws include: 29 C.F.R. Part 570 (minimum age standards, occupations, conditions, etc.); 820 ILCS 205/ (child labor laws); 56 Ill.Admin.Code Part 250 (child labor regulations).

⁵ 105 ILCS 5/26-1. A student must notify the building principal or other administrator at least two days prior to the absence providing the date, time, and location of the military honors funeral. This requirement may be waived if the student did not receive notice at least two days in advance, but the student shall notify the administration as soon as possible of the absence.

A student whose absence is excused to sound *Taps* shall be counted in attendance for purposes of calculating the average daily attendance of students in the district. The district must allow the student reasonable time to make up school work and if school work is satisfactorily completed, the day of absence is counted as an attendance day for the student.

⁶ 105 ILCS 5/26-1, amended by P.A. 100-185. Such a student must be granted five days of excused absences in any school year and, at the board's discretion, may be granted additional excused absences to visit the student's parent/guardian. The student and his/her parent/guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence and for ensuring that such assignments are completed by the student prior to his/her return to school from the excused absence period. Id.

⁷ This notification is required by 105 ILCS 5/26-3b.

8. Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement. ¹⁰
9. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered. ¹¹
10. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records. ¹²

⁹ 23 Ill.Admin.Code §1.290(b)(3). The School Code references to dropout prevention include: 105 ILCS 5/26-3a (regional superintendent activities and annual report); 105 ILCS 5/10-20.25a (annual report by boards); and 105 ILCS 5/1A-4(E) (ISBE report).

105 ILCS 5/26-18, added by P.A. 100-156, requires districts to collect and review chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. 105 ILCS 5/26-18(c). The review must include an analysis of chronic absence data from each attendance center. *Id.* Districts are also encouraged to: (1) provide a system of support to students at risk of reaching or exceeding chronic absence levels, i.e., those available through the Illinois Multi-tiered Systems of Support Network; and (2) make resources available to families, i.e., those available through ISBE's Family Engagement Framework, to support and engage students and their families. 105 ILCS 5/26-18(d). *Chronic absence* means "absences that total 10% or more of school days of the most recent school year, including absences with and without valid cause, as defined in Section 26-2a of this Code, and out-of-school suspensions for an enrolled student." 105 ILCS 5/26-18(a). In contrast, a *chronic or habitual truant* is "a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days." 105 ILCS 5/26-2a.

¹¹ Use this alternative for districts in suburban Cook County: replace "Regional Office of Education" with "appropriate Intermediate Service Center."

¹² 105 ILCS 5/26-9 requires school officers and superintendents to assist truant officers. A minor who is reported by the regional superintendent as a chronic truant may be adjudicated a "truant minor in need of supervision" if the minor declines or refuses to fully participate in truancy intervention services. 705 ILCS 405/3-33.5.

Local officials or authorities that enforce, prosecute, or adjudicate municipal ordinances adopted under 65 ILCS 5/11-5-9, or that work with school districts to address truancy problems, are designated as: (a) part of the juvenile justice system, established by the Juvenile Court Act of 1987, and (b) *juvenile authorities* within the definition set forth in subsection (a)(6.5) of Section 10-6 of the Ill. In addition, "a truant minor may not be expelled for nonattendance unless he or she has accrued 15 consecutive days of absences without valid cause and the student cannot be located by the school district or the school district has located the student but cannot, after exhausting all available support services, compel the student to return to school." *Id.*

This statute also requires the "clerk or secretary" of the board to quarterly report to the regional superintendent and Secretary of State the identity of students who were removed from the regular attendance roll, exclusive of transferees, because they were expelled; have withdrawn; left school; withdrew due to extraordinary circumstances; have re-enrolled in school since their names were removed from the attendance rolls; were certified to be chronic or habitual truants; or were previously certified as chronic or habitual truants who have resumed regular school attendance. The statute provides that the status of a driver's license or instructional permit will be jeopardized for a student who is the subject of this notification because of non-attendance unless the non-attendance is due to extraordinary circumstances as determined by the local district. Release Time for Religious Instruction/Observance

A student shall be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Building Principal at least 5 calendar days before the student's anticipated absence(s). This notice shall satisfy the District's requirement for a written excuse when the student returns to school.

The Superintendent shall develop and distribute to teachers appropriate procedures regarding student absences for religious reasons and include a list of religious holidays on which a student shall be excused from school attendance, how teachers are notified of a student's impending absence, and the State law requirement that teachers provide the student with an equivalent opportunity to make up any examination, study, or work requirement.

See also 105 ILCS 5/26-2b. 105 ILCS 5/26-1(4) allows a child over 12 and less than 14 years of age to be absent from school while in attendance at confirmation classes. Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grades 6 and 12.

As required by State law:

1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of one and seven years must provide a statement from a physician that their child was *risk-assessed* or screened for lead poisoning.
5. The IDPH will provide all female students entering sixth grade and their parents/guardians information about the link between human papilloma virus (HPV) and cervical cancer and the availability of the HPV vaccine.

Unless an exemption or extension applies, the failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by October 15 may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second or sixth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious or medical grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease* and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds, if a physician provides written verification.
3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement, if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. School Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

A child or student shall be considered in compliance with the law if there is evidence of the intent to comply. Evidence may be: 1) a signed statement from a health care provider that he or she has begun, or will begin, the necessary immunization procedures; or 2) the parent's or legal guardian's written consent for the child's participation in a school or other community immunization program." Consult with the board attorney about the impact this regulation may have on the district's ability to and procedures for excluding students for non-compliance with this policy.

¹⁹ While 105 ILCS 5/27-8.1 requires eye examinations for students entering kindergarten or an Illinois school for the first time, it still encourages parents/guardians to have their children undergo eye examinations at the same points in time as their required health examinations. The IDPH must require that individuals conducting vision screenings give a child's parent/guardian a written notification stating (105 ILCS 5/27-8.1(2)):

Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.

Dental Examination ²⁰

All children in kindergarten and the second, sixth, and ninth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second, sixth, or ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions ²¹

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease*, and State rules if there is an outbreak of one or more diseases from which the student is not protected. ²²

Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School Property and Equipment as well as Personal Effects Left There by Students School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites State law requires the District to notify students and their parents/guardians that school officials may request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website. This request may be made only if there is reasonable cause to believe that the student's account contains evidence that he or she violated a school disciplinary rule or Board policy.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law controls this policy’s content. This policy concerns an area in which the law is unsettled. Consult the board’s attorney with questions about implementing this policy and searching students or seizing their possessions.

According to Fourth Amendment cases, a search by the police requires “probable cause” supported by a warrant. However, in a U.S. Supreme Court decision, cited in every student search case, the Court upheld the warrantless search of a student. A search is: (1) justified at its inception when there are reasonable grounds for suspecting the search of a particular student will turn up evidence that the student violated the law or school rules, and (2) permissible in its scope when it is reasonably related to the search’s objective and not excessively intrusive. T.L.O. v. New Jersey, 469 U.S. 325 (1985).

² The Ill. Supreme Court upheld a search conducted by a school liaison officer, saying: “Decisions ... that involve police officers in school settings can generally be grouped into three categories: (1) those where school officials initiate a search or where police involvement is minimal, (2) those involving school police or liaison officers acting on their own authority, and (3) those where outside police officers initiate a search. Where school officials initiate the search or police involvement is minimal, most courts have held that the reasonable suspicion test [applies]. ...The same is true in cases involving school police or liaison officers acting on their own authority. ...However, where outside police officers initiate a search, or where school officials act at the behest of law enforcement agencies, the probable cause standard has been applied. In the present case, the record shows that Detective Ruettiger was a liaison police officer on staff at the Alternate School, which is a high school student with behavioral disorders. ... We hold that the reasonable suspicion standard applies under these facts.” People v. Dilworth, 169 Ill.2d 195 (1996).

³ A State statute allows school officials to inspect the personal effects left by a student on property owned or controlled by the school, e.g., lockers, desks, and parking lots. 105 ILCS 5/10-22.6(e). This law does not mean that school officials have an excuse for unjustifiably opening students’ possessions looking for contraband (see footnote 1). See Doe v. Little Rick Sch. Dist., 380 F.3d 349 (8th Cir. 2004) (Searches conducted pursuant to the following policy were unconstitutional: “[B]ook bags, backpacks, purses and similar containers are permitted on school property as a convenience for students,” and “if brought onto school property, such containers and their contents are at all times subject to random and periodic inspections by school officials.”).

The Fourth Amendment protects individuals from searches only when the person has a legitimate expectation of privacy. While case law supports that lockers, as school property, may be searched without individualized suspicion of wrongdoing, many cases suggest that in order to search a student’s possessions left in the locker, school officials need individualized suspicion of wrongdoing. This paragraph, as well as 105 ILCS 5/10-22.6(e), attempts to avoid Fourth Amendment protection for personal property left by students on school property by telling students not to expect privacy in these places or in their personal property left there. **This is an unsettled area of the law and should be reviewed with the school board’s attorney.**

Option for high school and unit districts, insert the following paragraph:

This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

⁸ Optional; these are practical guidelines that will help to ensure that all searches comply with constitutional requirements. State or federal law requires nothing in this paragraph. For an alternative to intrusive pat-down searches and guidelines on strip searches, see Cornfield v. Consolidated High Sch. Dist. No. 230, 991 F.2d 1316 (7th Cir. 1993). There, school officials had reason to believe that a high school student was concealing illegal drugs in his crotch area. Believing a pat down to be excessively intrusive and ineffective at detecting drugs, the school officials required the student to change into his gym clothes in a locked locker room while male school officials observed him. The search was upheld. But see, Stuczynski v. Bremen High School, 423 F.Supp.2d 823 (N.D.Ill. 2006) (The requisite individualized, reasonable suspicion to conduct a strip search was missing where the only reason for the strip search was the dean's belief that the students were the last students in a locker room before the money was reported missing.). See also, Safford Unified School Dist. v. Redding, 557 U.S. 364 (2009) (finding a strip search of student was not justified under the circumstances even though the asst. principal had reasonable suspicion but still awarded qualified immunity to the asst. principal because the law was unclear).

A school district may randomly conduct a mass search by using a metal detector. People v. Pruitt, 278 Ill.App.3d 194 (1st. Dist 1996). The use of a metal detector must be according to the district's standards for when and how metal detector searches are to be conducted.

The U.S. Supreme Court upheld a random drug testing policy for student athletes and extracurricular participants, (Vernonia Sch. Dist. 47J v. Acton, 515 U.S. 646 (1995); and Independent Sch. Dist. of Pottawatomie County v. Earls, 536 U.S. 822 (2002)). The circumstances justifying random drug searches do not exist for the entire student body; thus, random drug tests of the student body would probably not survive constitutional scrutiny.

disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.⁹

Notification Regarding Student Accounts or Profiles on Social Networking Websites¹⁰

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

¹ State or federal law controls this policy's content. The listed standards for procedures, other than compliance with State law, are at the local school board's discretion and may be omitted altogether. The Illinois TRUST Act, 5 ILCS 805/, added by P. A. 100-463, prohibits law enforcement agencies and officials from enforcing federal civil immigration laws. Under Section 15(b), law enforcement cannot stop, arrest, search, detain, or continue to detain a person solely based on an individual's citizenship or immigration status.

An excellent resource is the *Guidelines for Interviews of Students*, published by the Ill. Council of School Attorneys (ICSA) at: www.iasb.com/law/ICSAGuidelinesforInterviewsofStudents.pdf. The publication, *Policing in Schools, Developing a Governance Document for School Resource Officers in K-12 Schools*, was developed by the American Civil Liberties Union, and is available at: www.aclu.org/racial-justice/policing-schools-developing-governance-document-school-resource-officers-k-12-schools. It, like the ICSA *Guidelines*, highlights the need for collaboration between law enforcement and school officials. It recommends that school officials provide law enforcement agencies with information about the school's mission to ensure a safe school environment while respecting student rights. To accomplish this, the white paper recommends that school officials create a *model governance document*, e.g., 7:150-AP, *Agency and Police Interviews*, and provide it to the law enforcement authorities with whom they work.

Another helpful resource is *School Resource Officers, School Law Enforcement Units, and the Family Educational Rights and Privacy Act (FERPA)*, published by PTAC (2019), at: www.studentprivacy.ed.gov/resources/school-resource-officers-school-law-enforcement-units-and-ferpa. 105 ILCS 5/10-20.64, added by P.A. 100-204, prohibits *student booking stations* from being established or maintained on school grounds. A *student booking station* is "a building, office, room, or any indefinitely established space or site, mobile or fixed, which operates concurrently as: (1) predominantly or regularly a place of operation for a municipal police department, county sheriff department, or other law enforcement agency, or under the primary control thereof, and (2) a site at which students are detained in connection with criminal charges or allegations against those students, taken into custody, or engaged with law enforcement personnel in any process that creates a law enforcement record of that contact with law enforcement personnel or processes." 105 ILCS 5/10-20.64(d).

The statute does not specifically assign these duties to a school official, but instead states that "a law enforcement officer, school resource officer, or other school security personnel" must ensure these conditions are met before detaining and questioning a student on school grounds. For ease of implementation, this policy assigns these duties to a school official as they routinely contact parents/guardians and can arrange for the presence of school personnel during an interview. Section 7 - Students

Policy 7:190

This policy becomes effective and replaces the current policy on *Student Discipline* on the first student attendance day of the 2016-2017 school year.

Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to:
(a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).

- b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
- c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a "weapon" as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
- 5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.

8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item

belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.

12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.

14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. School staff members shall not use isolated time out and physical restraints other than as permitted in Section 10-20.33 of the School Code, State Board of Education rules, and procedures developed by the Superintendent. Neither isolated time out nor physical restraints shall be used to discipline or punish a student.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).

2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

Student Behavior 1

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society. ²

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ All districts must have a policy on student discipline, including school searches and bullying prevention (105 ILCS 5/10-20.14); re-engagement of students returning from an exclusionary discipline or an alternative school (105 ILCS 5/10-22.6(b-25)); and corporal punishment (105 ILCS 5/24-24). See also 23 Ill.Admin.Code §1.280. See the Cross References for policies on searches and bullying. Each district must furnish a copy of the discipline policy to parents/guardians within 15 days after the beginning of the school year, or within 15 days after starting classes for a student who transfers into the district. 105 ILCS 5/10-20.14(a). The school board must require that each school inform its pupils of the discipline policy's contents. *Id.*

School boards, along with the parent-teacher advisory committee, must annually review their pupil discipline policies, those policies' implementation, and any other factors related to the safety of their schools, students, and staff. *Id.* For more information about the parent-teacher advisory committee, see 2:150, *Committees*. The parent-teacher advisory committee, in cooperation with local law enforcement agencies, must develop, with the school board, a reciprocal reporting system. 105 ILCS 5/10-20.14(b). See 7:190-AP3, *Guidelines for Reciprocal Reporting of Criminal Offenses Committed by Students*. School districts are encouraged to create memoranda of understanding that define law enforcement's role in schools. See 7:190-E3, *Memorandum of Understanding*.

Given the unique concerns facing school officials, school disciplinary codes are not required to be drafted as narrowly or with the same precision as criminal statutes. *Bethel Sch. Dist. v. Fraser*, 478 U.S. 675 (1986).

² The goals and objectives in this policy give the board a focus for monitoring it. This list can be deleted, replaced, or modified by the board. Data on student discipline is available at: www.isbe.net/Pages/Expulsions-Suspensions-and-Truants-by-District.aspx.

When and Where Conduct Rules Apply ³

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. ⁴

Prohibited Student Conduct ⁵

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes. ⁶

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

³ Board policy should provide a jurisdictional statement telling students and staff the circumstances under which the district will take disciplinary action. Jurisdictional rules in board policy should generally be as broad as possible to give staff members authority to respond to unforeseen situations. Taking jurisdiction over off-campus misconduct generally survives the test of reasonableness when the misconduct has a direct nexus to the school. A countervailing interest concerns liability for off-campus student injuries, i.e., the greater the jurisdiction a district is willing to impose, the greater the scope of liability it may be assuming. Ultimately, a decision whether to discipline for off-campus misconduct requires a factual inquiry to determine the degree of nexus and impact on the school. Many decisions address disciplining a student for off-campus misconduct; for example, see: J.S. v. Blue Mountain Sch. Dist., combined with Layshock v. Hermitage Sch. Dist., 650 F.3d 205 (3d Cir. 2011), cert. denied 565 U.S. 1116 (2012)(absent evidence that parodies of school personnel caused, or could cause, substantial disruption, school districts may not punish out-of-school expressive conduct, even if it is lewd, indecent, or offensive speech).

Note that the law is different regarding participants in athletics and extracurricular activities. See policy 7:240, *Conduct Code for Participants in Extracurricular Activities*.

A judge may transfer a student to another school for committing stalking or non-consensual sexual contact against another student, or for aiding and abetting such an act; the parents/guardians are responsible for transportation and other costs associated with the transfer. Stalking No Contact Order Act and the Civil No Contact Order Act, 740 ILCS 21/80 and 22/213. A school district is seldom notified when a transfer order is requested. When notified, school officials should immediately seek the board attorney's advice concerning available options.

⁴ The factual context will determine the appropriateness of taking jurisdiction. Contact the board attorney before disciplining a student for off-campus conduct. See Doe v. Superintendent of Schs. of Stoughton, 767 N.E.2d 1054 (Mass. 2002)(suspension for off-campus commission of a felony was upheld).

⁵ Consult the board attorney for advice on deleting or modifying any of the items in this section on prohibited student conduct.

⁶ 105 ILCS 5/10-20.5b prohibits use of tobacco on school property. Federal law prohibits smoking within schools by anyone. Pro-Children Act of 1994, 20 U.S.C. §6081 *et seq.* Districts that fail to comply risk a civil penalty of up to \$1,000 per violation per day. 20 U.S.C. §6083(f)(1). See 8:30, *Visitors to and Conduct on School Property*, for more information.

2. Using, possessing, distributing, purchasing, or selling alcoholic beverages.⁷ Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*). ⁸
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription. ⁹
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription. ¹⁰
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited

The U.S. Food and Drug Administration now regulates electronic cigarettes. 21 C.F.R. Parts 1100, 1140, and 1143, amended by 81 Fed.Reg. 28973. An electronic or e-cigarette resembles a regular cigarette and contains a battery-operated heating element that turns a liquid into a mist for inhaling. The liquid may contain nicotine. E-cigarettes are sometimes referred to as e-cigs, vapes, e-hookahs, vape pens, and electronic nicotine delivery systems (ENDS), and they are generally involved in *vaping*. Vaping is the act of inhaling and exhaling the aerosol, often referred to as vapor that is produced by an e-cigarette or similar device. An e-cigarette resembles a cigarette and contains a battery-operated heating element that turns a liquid into a mist for inhaling. Some e-cigarettes do not look like tobacco products and are shaped like other objects, such as USB flash drives, and are more easily concealed.

⁷ *Alcoholic beverages* are defined in 235 ILCS 5/1-3.01 to 3.05.

⁸ *Controlled substance* is defined in 720 ILCS 570/102(f); *cannabis* is defined in 720 ILCS 550/3(a) and in 410 ILCS 705/1-10, added by P.A. 101-27. Either spelling, *marihuana* or *marijuana*, is correct; however, *marijuana* is more common. See f/n 11 for a discussion of medical cannabis and *Ashley's Law*.

⁹ *Anabolic steroid* is defined in 720 ILCS 570/102(c-1).

- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form. ¹²
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that

¹¹ To legally use medical cannabis, an individual must first become a *registered qualifying patient*. The use of cannabis by a *registered qualifying patient* is permitted only in accordance with the Compassionate Use of Medical Cannabis Program. 410 ILCS 130/, amended by P.A.s 100-660 and 101-363, scheduled to be repealed on 7-1-20. There are many situations in which no one, even a *registered qualifying patient*, may possess or use cannabis. This includes in a school bus or on the grounds of any preschool, or primary or secondary school unless the student meets the requirements of 105 ILCS 5/22-33, a/k/a *Ashley's Law*. 410 ILCS 130/30(a)(2) and (3), amended by P.A.s 100-660 and 101-363, scheduled to be repealed on 7-1-20. *Ashley's Law* provides that school districts "shall authorize a parent or guardian or any other individual registered with the Department of Public Health as a designated caregiver of a student who is a registered qualifying patient to administer a medical cannabis infused product to the student on the premises of the child's school or on the child's school bus if both the student (as a registered qualifying patient) and the parent or guardian or other individual (as a registered designated caregiver) have been issued registry identification cards under the Compassionate Use of Medical Cannabis Program Act." 105 ILCS 5/22-33(b), added by P.A. 100-660 and amended by P.A. 101-363. Once the product is administered, the designated caregiver must remove the product from the school premises/bus. *Id.* 105 ILCS 5/22-33(b-5), added by 101-370, allows a properly trained school nurse or administrator to administer medical cannabis infused products to a student while at school, a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus. The product may not be administered in a manner that would (in the school or district's opinion) create a disruption or expose other students to the product, and schools are not required to authorize use of the product if the school or district would lose federal funding as a result. 105 ILCS 5/22-33(c), added by P.A. 100-660. For more discussion, see f/n 25 in 7:270, *Administering Medicines to Students*. Contact the board attorney for advice concerning medical cannabis, including whether a federal or State law requires the district to accommodate a student who is a *registered qualifying patient*. See Americans with Disabilities Act of 1990, 42 U.S.C. §12101 *et seq.*; Individuals with Disabilities Education Improvement Act of 2004, 20 U.S.C. §1400 *et seq.*; Rehabilitation Act of 1973, Section 504, 29 U.S.C. §794; 105 ILCS 5/14-1.01 *et seq.*, 5/14-7.02, and 5/14-7.02b; and 23 Ill.Admin.Code Part 226.

¹² The Powdered Caffeine Control and Education Act states: "No person may sell, offer for sale, give away, or provide free samples of powdered pure caffeine to any person under age 18 located within the State or to any person under age 18 making the purchase from within the State." A limited exception to this prohibition exists for "the sale of any powdered pure caffeine product that receives explicit approval as safe and effective for its intended use under the federal Food, Drug, and Cosmetic Act or is lawfully marketed under an over-the-counter monograph issued by the United States Food and Drug Administration." 410 ILCS 647/20.

the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy. ¹³

- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances. ¹⁴

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy. ¹⁵
- 5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals. ¹⁶
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹³ *Counterfeit and look-alike substances* are defined in 720 ILCS 570/102(g) and (y). This provision is broader because it would apply, for example, if a student represents a powdered vitamin to be pure caffeine – pure caffeine is prohibited on campus even though it is a legal substance. Look-alike drugs should be defined; an unpublished Ill. appellate decision in 2000 found a policy prohibiting possession of *look-alikes* had vagueness problems.

¹⁴ *Drug paraphernalia* is defined in 720 ILCS 600/2(d). Contact the board attorney for advice concerning a student who is a *registered qualifying patient*, as explained in f/n 11.

¹⁵ This language is broader than the **Weapons** section of this policy. The **Weapons** section contains the statutorily required punishment for “a student who is determined to have brought” a weapon to school along with the statutory definition of *weapon*. 105 ILCS 5/10-22.6(d). The language in item #4 is broader because it prohibits “using, possessing, controlling, or transferring” a weapon in addition to violating the **Weapons** section. See the footnotes in the **Weapons** section for a discussion of the Firearm Concealed Carry Act's provisions.

¹⁶ 105 ILCS 5/10-21.10 prohibits student possession of electronic paging devices, but State law leaves to local boards the discretion whether to prohibit student possession of cellular phones. 105 ILCS 5/10-20.28. The misuse of camera phones can seriously invade a student's privacy. A board wanting a sweeping prohibition may use the following alternative for item #5:

Using or possessing a cellular telephone, electronic signaling device, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.

Operating transmitters designed to jam or block wireless communications violates the federal Communications Act of 1934. 47 U.S.C. §§301, 302a, and 333. Fines are as high as \$10,000 for each violation and/or imprisonment, and the device may also be seized. 47 U.S.C. §§501-510.

Making a video recording or live video transmission of another person without their consent in a restroom, locker room, or changing room is a Class 4 felony. 720 ILCS 5/26-4. A minor who distributes or disseminates an indecent visual depiction of another minor through the use of a computer or electronic communication device may be subject to adjudication as a minor in need of supervision. 705 ILCS 405/3-40.

7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct. **17**
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*. **18**
12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property. **19**
13. Entering school property or a school facility without proper authorization.

17 All districts must have a policy on bullying. 105 ILCS 5/27-23.7(d). Policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, contains the statutory definition of bullying. Districts must also have an age-appropriate policy on sexual harassment. 105 ILCS 5/10-20.69 (final citation pending), added by P.A. 101-418,. See policy 7:20, *Harassment of Students Prohibited*, and its f/n 7 for further detail.

105 ILCS 5/10-20.14 requires boards, in consultation with their parent-teacher advisory committees and other community-based organizations, to include provisions in their student discipline policy to address aggressive behavior, including bullying. These provisions must include procedures for notifying a student's parents/guardians about his/her aggressive behavior and early intervention procedures based upon available community-based and district resources. See 7:190-E1, *Aggressive Behavior Reporting Letter and Form*.

Suspending students for hazing was upheld in Gendelman v. Glenbrook North High Sch. and Northfield Township Sch. Dist. 225, 2003 WL 21209880 (N.D.Ill. 2003). This decision may have been legislatively overturned by amending 105 ILCS 5/10-20.14.

The failure of a school official (including any administrator, teacher, counselor, support staff, or coach) to report hazing is a Class B misdemeanor. 720 ILCS 5/12C-50.1.

A person commits a felony hate crime when, by reason of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin of another individual or group of individuals, regardless of the existence of any other motivating factor or factors, he or she commits assault, battery, aggravated assault, intimidation, stalking, cyberstalking, misdemeanor theft, criminal trespass to residence, misdemeanor criminal damage to property, criminal trespass to vehicle, criminal trespass to real property, mob action, disorderly conduct, transmission of obscene message, harassment by telephone, or harassment through electronic communications as these crimes are defined in the Criminal Code. 720 ILCS 5/12-7.1, amended by P.A.s 100-197 and 100-260. The penalty is heightened when the offense is committed in a school or administrative facility.

720 ILCS 5/26-1(a)(3.5) and (b) make transmitting a threat of violence, death, or bodily harm directed against persons at a school, school function, or school event, whether or not school is in session, or causing such a threat to be transmitted, a Class 4 felony.

18 All school boards must have a policy on prohibited teen dating violence. 105 ILCS 110/3.10. Verify that the board adopted the policy listed and amend its title in this policy, if necessary.

19 720 ILCS 5/26-1(a)(3.5) and (b) make threatening to destroy a school building or school property, whether or not school is in session, or causing such a threat to be transmitted, a Class 4 felony.

14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants. **20**
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member. **21**
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia. **22**
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school. **23**
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee. **24**
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. **25**

740 ILCS 147/15 et seq. allows a school district to bring a civil suit against a gang, gang officers, or gang members for losses it suffers due to their criminal activity.

23 This statement of misconduct restates 105 ILCS 5/10-22.6(d-5), amended by P.A. 100-810. The following alternative provides a shorter statement but will require the administrator to check the statute before imposing discipline based on it:

Making an explicit threat on an Internet website against a school, employee, or any school-related personnel under circumstances described in 105 ILCS 5/10-22.6(d-5).

25 A catchall provision, e.g., this one, gives staff members authority to respond to unforeseen situations.

If the board adopts a mandatory uniform policy (see 7:165, *School Uniforms*), add the following item to the list as number 22: "Failing to comply with the mandatory uniform policy, but only after repeated attempts to secure compliance, such as conferences with parents/guardians, have been unsuccessful."

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event. ²⁶

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident.²⁷ The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student. ²⁸

Disciplinary Measures ²⁹

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions.³⁰ School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.³¹ Potential disciplinary measures include, without limitation, any of the following: ³²

²⁸ Mandated by 105 ILCS 5/10-20.36.

²⁹ **IMPORTANT:** The practice of suspending or expelling a student based on the number of accumulated disciplinary infractions is illegal under 105 ILCS 5/10-22.6. This includes a system of assigning points to specific infractions and then tallying the points a student receives over a period of time to determine a disciplinary exclusion from school.

Before amendments to 105 ILCS 5/10-22.6, courts used the following factors to determine if a board abused its discretion when it expelled a student: (1) the egregiousness of the student's conduct; (2) the record of the student's past conduct; (3) the likelihood that such conduct will affect the delivery of educational services to other students; (4) the severity of the punishment; and (5) the intent of the child. Robinson v. Oak Park, 213 Ill.App.3d (1st Dist. 1991); Wilson ex rel. Geiger v. Hinsdale Elementary Dist., 349 Ill.App.3d 243 (2nd Dist. 2004). Whether courts will continue to use these factors is yet to be determined. The amendments to 105 ILCS 5/10-22 call into question the validity of relying on past misconduct in suspension or expulsion decisions.

Aside from procedural due process protection, students have a constitutional substantive due process right. This right protects them from an abuse of government power which "shocks the conscience." While the scope of substantive due process is very limited, it is available to students who believe they were subject to arbitrary and excessive discipline. Generally, however, school officials need not fear being found guilty of a substantive due process violation. Federal courts are loath to second-guess school officials. See Tun v. Whitticker, 398 F.3d 899 (7th Cir. 2005)(expulsion did not amount to a substantive due process violation because it fell short of the required *shocks the conscience* standard).

³⁰ 105 ILCS 5/10-22.6(b-5). In addition, subsection c-5 states, "[s]chool districts must make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates." 105 ILCS 5/10-22.6(c-5), amended by P.A. 100-810.

³² Most school attorneys advise against using a grade reduction as a disciplinary measure. A decision upholding such a policy is Knight v. Bd. of Educ., 38 Ill.App.3d 603 (4th Dist. 1976). A decision striking one is Smith v. Sch. City of Hobart, 811 F.Supp. 391 (N.D.Ind. 1993)(grade reduction policy requiring 9-week grades to be reduced 4% for each day of a suspension was found unconstitutional).

2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property. ³³
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised. ³⁴
7. After-school study or Saturday study³⁵ provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs.³⁶ The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules. ³⁷
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*. ³⁸

³⁴ An in-school suspension program may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel, and districts may employ a school social worker or a licensed mental health professional to oversee in-school suspension programs. 105 ILCS 5/10-22.6(l), added by P.A. 100-1035. Providing programming during in-school suspensions is not required, however providing such programming will help distinguish them from exclusionary suspensions. See f/n 3 in policy 5:230, *Maintaining Student Discipline*, for further discussion of in-school suspension programs.

³⁷ Consult the board attorney for advice concerning confiscated devices. There is no binding Ill. court decision regarding school personnel seizing and retaining a student's property. The Supreme Court of Arkansas held that a teacher and principal did not violate a student's state or federal rights when they confiscated and retained a student's cell phone for two weeks for violating school rules on cell phones. Koch v. Adams, 361 S.W.3d 817 (Ark. 2010).

³⁹ A suspension may be imposed in only limited situations that vary according to the suspension's length. 105 ILCS 5/10-22.6(b-15). This is explained in sample board policy 7:200, *Suspension Procedures*, and its footnotes

⁴⁰ This sentence is optional. A board may make this mandatory by replacing "may also be" with "shall also be."

who has been expelled may also be restricted from being on school grounds and at school activities. ⁴²

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code. ⁴³
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies. ⁴⁴

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. ⁴⁵

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

105 ILCS 5/10-22.6(d) permits expulsion for a definite period of time not to exceed two calendar years. School officials must document whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

⁴² This sentence is optional. A board may make this mandatory by replacing “may also be” with “shall also be.”

⁴³ 105 ILCS 5/10-22.6(a) and (b). Subsection 10-22.6(b) uses the phrase “is suspended in excess of 20 school days” even though a 20-consecutive day suspension should be treated as an expulsion. *Goss v. Lopez*, 419 U.S. 565 (1975). An alternative program is probably available to a student who is suspended for 11 to 20 consecutive days because that student is technically expelled and, as such, qualifies under subsection (a) of Section 10-22.6. Contact the board attorney if the district wants to interpret the statute as referring to *cumulative* school days so that it can transfer a student to an alternative program upon his or her suspension in excess of 20 *cumulative* school days.

Contact the board attorney regarding the necessary due process procedures before imposing a disciplinary transfer to an alternative school. The court in *Leak v. Rich Twp. High Sch. Dist.* 227 (397 Ill.Dec. 90 (1st Dist. 2015)), held that placement in an alternative school is tantamount to an expulsion. Thus, according to dicta in this decision, districts must follow expulsion procedures before a student is transferred to an alternative school. Schools may still reach agreements with parents/guardians to transfer students to such schools without completing the expulsion procedures.

The alternative program may not deny the transfer on the basis of the suspension or expulsion, except in cases in which the transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

⁴⁵ **Note:** Districts that receive early childhood block grant funding (authorized by 105 ILCS 5/1C-2 of the School Code) are prohibited from expelling children from their early childhood programs. 105 ILCS 5/2-3.71(a)(7) and 105 ILCS 5/10-22.6(k), amended by P.A. 100-105. A district may, however, transition a child to a new program if: (1) it has documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted; (2) the program determines that transitioning a child is necessary for the well-being of the child or his or her peers and staff; and (3) the current and pending programs create a transition plan for the child with parent or legal guardian permission. 105 ILCS 5/2-3.71(a)(7)(C). A district may temporarily remove a child from attendance in the group setting in the case of a serious safety threat to a child or others, or in the case of possession of a weapon as described in 105 ILCS 5/10-22.6(d), but it must then begin the process of documenting interventions and supports as outlined in the law. 105 ILCS 5/2-3.71(a)(7)(E). Ill. State Board of Education (ISBE) rules implementing these new requirements are at 23 Ill.Admin.Code §§ 235.300-235.340. As of **PRESS** Issue 104 (June 2020), the ISBE forms required to document steps taken in accordance with these rules were being developed and projected to be available in late summer 2020 at: www.isbe.net/Pages/Early-Childhood.aspx. **Consult the board attorney for advice to ensure compliance with ISBE rules.** Compliance with this law does not relieve a district of its obligations to also comply with the Individuals with Disabilities Education Improvement Act of 2004 when disciplining students with disabilities. For further information, see sample policy 7:230, *Misconduct by Students with Disabilities*. For districts that receive early childhood block grant funding, add the following:

Students enrolled in the District’s State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

If this language is inserted, add 105 ILCS 5/2-3.71(a)(7) to the Legal References for this policy.

Corporal punishment is prohibited. *Corporal punishment* is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. ⁴⁶

Isolated Time Out, Time Out, and Physical Restraint ⁴⁷

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

Weapons ⁴⁸

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any *firearm* as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-

⁴⁷ Isolated time out, time out, or physical restraint may be used by staff members **only if** their use is authorized by policy and administrative procedure. 105 ILCS 5/2-3.130, 5/10-20.33, and 5/24-24; 23 Ill.Admin.Code §§1.280(c) and 1.285. See 7:190-AP4, *Use of Isolated Time Out, Time Out, and Physical Restraint*. **The sample policy allows the use of isolated time out, time out, and physical restraint pursuant only to the conditions allowed in the School Code and ISBE rules.** State statute and ISBE rules contain complex restrictions on the use of isolated time out, time out, and physical restraint. 105 ILCS 5/2-3.130, 5/10-20.33, and 5/24-24; 23 Ill.Admin.Code §§1.280(c) and 1.285. According to the ISBE rule, isolated time out, time out, and physical restraints are allowed only if a board authorizes their use in a policy containing the numerous components identified in the rule. To comply with ISBE's rule, a board must also incorporate by reference the district's procedure, i.e., 7:190-AP4, *Use of Isolated Time Out, Time Out, and Physical Restraint*. By doing this, the policy includes the district's procedure. **For a board that wants to prohibit the use of isolated time out, time out, and physical restraint** (1) delete this subhead and its contents; (2) amend the Legal References as follows "23 Ill.Admin.Code §§~~1.280~~~~1.285~~," and (3) delete "Incorporated by Reference: 7:190-AP4 (Use of Isolated Time Out, Time Out, and Physical Restraint)".

⁴⁸ This section paraphrases 105 ILCS 5/10-22.6(d) and contains the statutorily required punishment for bringing a weapon to school along with the statutory definition of *weapon*. When preparing for a due process hearing, a principal needs to use the applicable State and federal law definitions of *firearm* – not just the School Code.

While subsection 105 ILCS 5/10-22.6(b-10) explicitly forbids zero tolerance policies, it provides an exception for those zero tolerance policies established by State or federal law, which includes weapons in school. Section 10-22.6(d) provides that a student who brings a weapon to school, as defined in the section, "shall be expelled for a period not less than one year," unless modified by the superintendent or board. The federal Gun-Free Schools Act (20 U.S.C. §7961 *et seq.*) provides for at least a one year expulsion for students who bring firearms to school. As directed by 20 U.S.C. §7961(b)(1), 105 ILCS 5/10-22.6(d), the superintendent and the board may modify that consequence; however, the superintendent/board may decline to exercise that discretion and instead impose the maximum penalty authorized by law. Analyzing the student's circumstances on a case-by-case basis may avoid a judicial finding that an expulsion is too severe. See *Washington v. Smith*, 248 Ill.App.3d 534 (1st Dist. 1993).

Item #4 in the **Prohibited Student Conduct** section is broader because it prohibits "using, possessing, controlling, or transferring" a weapon in addition to violating the **Weapons** section.

case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm. ⁴⁹

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area. ⁵⁰

Re-Engagement of Returning Students ⁵¹

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit. ⁵²

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member.⁵³ Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and any involved student's parent/guardian.⁵⁴ *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁴⁹ Optional.

⁵⁰ The Firearm Concealed Carry Act permits a properly licensed individual to carry a concealed firearm within a vehicle into a school parking area and store it a locked vehicle out of plain view. 430 ILCS 66/65(b). The federal Gun-Free Schools Act has a similar provision. 20 U.S.C. §7961(g). The School Code, however, contains no similar exception to the ban on firearms at schools. Contact the board attorney before permitting students to store their firearms in their vehicle's trunk while parked at school.

⁵¹ Required by 105 ILCS 5/10-22.6(b-25). See 7:190-AP8, *Student Re-Engagement Guidelines*.

⁵² A goal for re-engagement is optional. Schools must permit students who were suspended to make-up work for equivalent academic credit. 105 ILCS 5/10-22.6(b-30).

⁵³ 105 ILCS 5/10-27.1A, 5/10-27.1B, and 5/10-21.7. *School grounds* includes the real property comprising any school, any conveyance used to transport students to school or a school-related activity, and any public way within 1,000 feet of any school ground. To satisfy the reporting requirement, ISBE created the School Incident Reporting System (SIRS), a web-based application on IWAS for schools to report incidents electronically. Reporting on SIRS does not satisfy the requirement to report incidents to local law enforcement authorities.

⁵⁴ *Id.* State law imposes this duty to report firearm possession only on school officials; this duty may be also imposed on volunteers and community members. Only staff members, however, are vulnerable to committing a petty offense for their failure to report, and only staff members are protected from civil or criminal liability that might arise as a result of making a report (although the liability potential for anyone making a report is remote).

The building principal must notify the student's parents/guardians only when the alleged offense is firearm possession. The policy expands this notification duty; a board disinclined to do this should substitute the following sentence:

Upon receiving such a report, the Building Principal or designee shall immediately notify the applicable local law enforcement agency, Ill. Dept. of State Police (ISP), and, if a student is reportedly in possession of a firearm, also the student's parents/guardians.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior. ⁵⁵

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to ten consecutive school days, provided the appropriate procedures are followed.⁵⁶ The Board may suspend a student from riding the bus in excess of ten school days for safety reasons. ⁵⁷

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee,⁵⁸ shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵⁵ 105 ILCS 5/24-24 and 23 Ill.Admin.Code §1.280 require: (1) teachers and other certificated [licensed] employees (except for individuals employed as paraprofessionals) to maintain discipline, and (2) the district to have a policy on discipline that provides that:

[A] teacher, other certificated employee, and any other person, whether or not a certificated employee, providing a related service for or with respect to a student may use reasonable force as needed to maintain safety for the other students, school personnel or persons or for the purpose of self defense or the defense of property, shall provide that a teacher may remove a student from the classroom for disruptive behavior, and shall include provisions which provide due process to students. The policy shall not include slapping, paddling or prolonged maintenance of students in physically painful positions nor shall it include the intentional infliction of bodily harm. 105 ILCS 5/24-24.

⁵⁶ Required by 105 ILCS 5/10-22.6(b).

⁵⁷ *Id.*

⁵⁸ The board must establish and maintain a parent-teacher advisory committee to develop guidelines on student discipline. See 2:150, *Committees*. This policy's dissemination requirements are from 105 ILCS 5/10-20.14.

A comprehensive student handbook can provide notice of the school's conduct rules, extracurricular and athletic participation requirements, and other important information. The handbook can be developed by the building principal, but should be reviewed and approved by the superintendent and board. The Illinois Principals Association maintains a handbook service that coordinates with **PRESS** material, *Online Model Student Handbook (MSH)*, at: www.ilprincipals.org/resources/model-student-handbook.

Suspension Procedures

In-School Suspension

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
 - d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
 - e. Depending upon the length of the out-of-school suspension, include the following applicable information:

i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:

a) A threat to school safety, or

b) A disruption to other students' learning opportunities.

ii. For a suspension of 4 or more school days, an explanation:

a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,

b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and

c) That the student's continuing presence in school would either:

i) Pose a threat to the safety of other students, staff, or members of the school community, or

ii) Substantially disrupt, impede, or interfere with the operation of the school.

iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

Suspension Procedures ¹

In-School Suspension ²

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following: ³

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State law requires districts to have a policy on student discipline. 105 ILCS 5/10-20.14; 23 Ill.Admin.Code §1.280. State or federal law controls this policy's content. In 2014 the U.S. Dept. of Education (DOE) and the U.S. Dept. of Justice (DOJ) jointly released a school discipline package, *Guiding Principles: A Resource Guide for Improving School Climate and Discipline*, at: www2.ed.gov/policy/gen/guid/school-discipline/guiding-principles.pdf. However, *Guiding Principles* was among six student discipline guidance documents rescinded by a joint DOE and DOJ *Dear Colleague* letter dated 12-21-18, at: www2.ed.gov/about/offices/list/ocr/letters/colleague-201812.pdf.

Boards may authorize *by policy* the superintendent, building principal, assistant building principal, or dean of students to suspend students guilty of gross disobedience or misconduct from school, including all school functions. 105 ILCS 5/10-22.6(b). See 7:190, *Student Behavior*, for such an authorization.

² An in-school suspension program may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel, and districts may employ a school social worker or a licensed mental health professional to oversee in-school suspension programs. 105 ILCS 5/10-22.6(l), added by P.A. 100-1035. Providing programming during in-school suspensions is not required; however providing educational programs during in-school suspensions will help distinguish them from exclusionary suspensions. See f/n 3 in policy 5:230, *Maintaining Student Discipline*, for further discussion of in-school suspension programs. Contact the board attorney for advice concerning amending this section.

²⁰ ILCS 1705/76, added by P.A. 101-45, requires the Ill. Dept. of Public Health to create and maintain an online database and resource page on its website that contains mental health resources specifically geared toward school social workers, school counselors, parents, teachers, and school support personnel. See the database at: www.dhs.state.il.us.

³ Suspension procedures are required by State law. 105 ILCS 5/10-22.6. The right to attend school is a property right protected by the due process clause of the U.S. Constitution. *Goss v. Lopez*, 419 U.S. 565 (1975). Imposing a short deprivation of this property right by suspending a student for 10 or fewer days requires only minimal due process. The student must be generally informed of the reasons for the possible suspension, and be permitted to tell his/her version of the story. Making a decision to suspend before the hearing violates the basic due process requirement that the hearing be meaningful. *Sieck v. Oak Park-River Forest High School*, 807 F.Supp. 73 (N.D. Ill. 1992).

105 ILCS 5/10-22.6(b) allows a student who is suspended in excess of 20 school days to be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of the School Code. A student cannot be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

Consult the board attorney for assistance if a suspension will exceed 10 consecutive school days. Subsection 10-22.6(b) uses the phrase "is suspended in excess of 20 school days" even though a 20-consecutive day suspension should be treated as an expulsion. *Goss v. Lopez*, 419 U.S. 565 (1975). For further discussion, see f/n 43 in policy 7:190, *Student Behavior*.

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;⁵
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;

Consult the board attorney (1) about the specific documentation required in this portion of the notice, and (2) to ensure that 7:200-E1, *Short Term Out-of-School Suspension (1-3 Days) Reporting Form* and 7:200-E2, *Long Term Out-of-School Suspension (4-10 Days) Reporting Form* reflect the exact practices that the district will use to implement this requirement.

⁵ Required by 105 ILCS 5/10-22.6(b-30).

⁶ 105 ILCS 5/10-22.6(b-15) explains that "threat to school safety or a disruption to other students' learning opportunities" shall be determined by the school board or its designee on a case-by-case basis. **Consult the board attorney for specific advice regarding the application of these statutory terms in this context (see f/n 8, below).**

⁷ 105 ILCS 5/10-22.6(b-20). School officials are granted the sole authority to determine on a case-by-case basis: (1) whether "appropriate and available behavioral and disciplinary interventions have been exhausted;" and (2) whether "the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community, or (ii) substantially disrupt, impede, or interfere with the operation of the school." Consult the board attorney to request specific training for school officials to apply these statutory terms in this context.

- c) That the student's continuing presence in school would either:
 - i) Pose a threat to the safety of other students, staff, or members of the school community, or
 - ii) Substantially disrupt, impede, or interfere with the operation of the school.
- iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension. ⁹
- 5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.
- 6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board.¹⁰ At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board.¹¹ After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. Conduct Code for Participants in Extracurricular Activities ¹

The Superintendent or designee, using input from coaches and sponsors of extracurricular activities, shall develop a conduct code for all participants in extracurricular activities consistent with School Board policy. ² The conduct code shall: (1) require participants in extracurricular activities to conduct themselves as good citizens and exemplars of their school at all times, including after school, on days when school is not in session, and whether on or off school property; (2) emphasize that hazing and bullying activities are strictly prohibited; and (3) notify participants that failure to abide by it could result in removal from the activity. ³ The conduct code shall be reviewed by the Building Principal periodically at his or her discretion and presented to the Board.

Participants in extracurricular activities must abide by the conduct code for the activity and Board policy 7:190, *Student Behavior*. All coaches and sponsors of extracurricular activities shall annually review the conduct code with participants and provide participants with a copy. In addition, coaches and sponsors of interscholastic athletic programs shall provide instruction on steroid abuse prevention to students in grades 7 through 12 participating in these programs. ⁴

Extracurricular Drug and Alcohol Testing Program ⁵

The District maintains an extracurricular drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent(s)/guardian(s) must consent to having the student submit to random drug and alcohol testing in order to participate in any extracurricular activity. Failure to sign the District's "Random Drug and Alcohol Testing Consent" form will result in non-participation.

If a test is *positive*, the student will not participate in extracurricular activities until after a *follow-up* test is requested by the Building Principal or designee and the results are reported. The Building

¹ State or federal law controls this policy's content.

² Optional:

...and the rules adopted by any association in which the School District maintains a membership.

³ In most cases involving a student's removal from an extracurricular activity, courts have ruled that participation in extracurricular programs is a privilege rather than a right. Clements v. Board of Education of Decatur Public School District No. 61, 478 N.E.2d 1209 (Ill.App.4, 1985). The deprivation of a privilege does not trigger the Constitution's due process provision. Consequently, unlike school attendance, students generally have no constitutional right to participate in extracurricular programs. See also Kevin Jordan v. O'Fallon THSD 203, 706 N.E.2d 137 (Ill.App.5, 1999). This case involved a type of "good citizen" rule in which all student-participants in extracurricular activities agreed to abide by the school's ban on alcohol and drug use. Pursuant to this rule, the school suspended a star football player who police had found intoxicated at a convenience store around 3:00 A.M. The suspension was upheld. Nevertheless, participants who violate the conduct code should be allowed to give an explanation before being removed from the activity.

⁴ 105 ILCS 5/27-23.3.

⁵ This program is optional. The U.S. Supreme Court upheld the constitutionality of a student activities drug testing policy that required all middle and high school students to consent to random urinalysis testing for drugs in order to participate in any extracurricular activity. Board of Education of Independent School Dist. No. 92 v. Earls et al., 122 S.Ct. 2559 (2002). This sample policy, as well as the procedures and forms implementing it, are based on the policy approved by the Seventh Circuit in Todd v. Rush County Schools, 133 F.3d 984 (7th Cir., 1998). Alternatively, this program may be limited to extracurricular athletic participants; if so, add the Drug and Alcohol Testing Program to policy 7:300, *Extracurricular Athletics*, and delete it from here.

Principal or designee will request a *follow-up* test after such an interval of time that the substance previously found would normally be eliminated from the body. If this *follow-up* test is negative, the student will be allowed to resume extracurricular activities. If a *positive* result is obtained from the *follow-up* test, or any later test, the same previous procedure shall be followed.

The Superintendent or designee shall develop procedures to implement this policy. No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Performance Enhancing Drug Testing of High School Student Athletes ⁶

The Illinois High School Association (IHSA) prohibits participants in an athletic activity sponsored or sanctioned by IHSA from ingesting or otherwise using any performance enhancing substance on its banned substance list, without a written prescription and medical documentation provided by a licensed physician who evaluated the student-athlete for a legitimate medical condition. IHSA administers a performance-enhancing substance testing program. Under this program, student athletes are subject to random drug testing for the presence in their bodies of performance-enhancing substances on the IHSA's banned substance list. In addition to being penalized by IHSA, a student may be disciplined according to Board policy 7:190, *Student Behavior*.

P.A. 95-558 created the Ensuring Success in School Task Force. This task force developed recommendations for policies, procedures, and protocols for school boards to adopt to address the education and related needs of students who are parents, expectant parents, or victims of domestic or sexual violence. The intent of the recommendations is to ensure these student populations' ability to: (1) stay in school; (2) stay safe at school; and (3) successfully complete their education. A copy of this report is at: <http://povertylaw.org/advocacy/women/pubs/essa-task-force-report>. School boards and superintendents may want to create their own study groups to discuss implementation of the task force's recommendations for policies, procedures and protocols.

A *school nurse* means any registered professional nurse who also holds a professional educator license endorsed for school support services in school nursing, or any registered professional nurse who does not hold the professional educator license but was employed in the school district of current employment before 7-1-76. 23 Ill.Admin.Code §1.760(c).

105 ILCS 5/10-22.23 provides that any nurse first employed on or after 7-1-76, whose duties require teaching or the exercise of instructional judgment or educational evaluation of students, must be licensed under 105 ILCS 5/21-25. Exemption from Physical Education ¹

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act.² The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.³

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents his or her participation in the physical education course.⁴

State law prohibits the Board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.⁵

A student who is eligible for special education may be excused from physical education courses in either of the following situations:⁶

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP).⁷

Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students. ²

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*.³ The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student. ⁴

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ All districts must have a policy for administering medication. 105 ILCS 5/10-20.14b. State law prohibits school boards from requiring that teachers and other non-administrative school employees administer medication to students; exceptions are certificated school nurses and non-certificated registered professional nurses. 105 ILCS 5/10-22.21b, amended by P.A. 101-205, eff. 1-1-20.

² Each district must inform students, e.g., through homeroom discussion or loudspeaker announcement, about, and distribute to their parents/guardians, the district's policy, guidelines, and forms on administering medicines within 15 days after the beginning of each school year, or within 15 days after starting classes for a student who transfers into the district. 105 ILCS 5/10-20.14b. A comprehensive Student Handbook can provide notice to parents and students of the school's rules, extracurricular and athletic participation requirements, and other important information. The Handbook can be developed by the building principal, but should be reviewed and approved by the superintendent and board. The Illinois Principals Association maintains a handbook service that coordinates with **PRESS** material, *Online Model Student Handbook (MSH)*, at: www.ilprincipals.org/resources/model-student-handbook.

³ 105 ILCS 5/22-30, amended by P.A.s 100-726 and 100-799, requires school districts to allow students to *self-administer* their prescribed asthma medication and an epinephrine injector as described. *Self-carry* means a student's ability to carry his or her prescribed asthma medication or epinephrine injector. *Self-administer* and *self-administration* mean that a student may use these two medications at his or her discretion: (1) while in school; (2) while at a school sponsored activity; (3) while under the supervision of school personnel; or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property.

⁴ 105 ILCS 5/10-22.21b(d), added by P.A. 101-205, eff. 1-1-20. The plan must address actions to be taken if the student is unable to self-administer medication and the situations in which the school must call 911. *Id.* For plan guidance, see 7:270-API, *Dispensing Medication*.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*.⁵ A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan.⁶ A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan. ⁷

⁵ 105 ILCS 5/10-22.21b, amended by P.A. 101-205, eff. 1-1-20. A student with an asthma action plan, an Individual Health Care Action Plan, an Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form, a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or a plan pursuant to the federal Individuals with Disabilities Education Act may self-administer medication if the student's parent/guardian provides the school with: (1) written permission for the student's self-administration of medication, (2) written authorization from the student's physician, physician assistant, or advanced practice registered nurse for the student to self-administer the medication, and (3) the prescription label containing the name of the medication, the prescribed dosage, and the time(s) or circumstances under which the medication is to be administered. *Id.* at 5/10-22.21(c), added by P.A. 101-205, eff. 1-1-20. This does not allow a student to self-carry unless otherwise permitted. Contact the board attorney for further guidance.

⁶ 105 ILCS 5/22-30 (asthma medication and epinephrine injectors) and 105 ILCS 5/10-22.21b, amended by P.A. 101-205, eff. 1-1-20 (medications required by a plan listed in 105 ILCS 5/10-22.21b(c), added by P.A. 101-205, eff. 1-1-20). 105 ILCS 5/22-30(c) requires this information to be in a notification to parents/guardians. 105 ILCS 5/10-22.21b, amended by P.A. 101-205, eff. 1-1-20, does not specifically require this information to be in a notification to parents/guardians. However, 105 ILCS 5/10-22.21b requires parents/guardians to sign a statement that includes the district's protections from liability under 105 ILCS 5/10-22.21b; the signed acknowledgment (see f/n 7) is the notice. This policy includes the liability protection information under 105 ILCS 5/10-22.21b to also inform the community.

The storage of medication is not addressed in the applicable statutes and may not be covered as part of the district's protections from liability and hold harmless provisions. Contact the board attorney and the board's liability insurance carrier for further discussion about the district's liability and coverage in this area.

⁷ 105 ILCS 5/22-30(c) and 105 ILCS 5/10-22.21b, amended by P.A. 101-205, eff. 1-1-20. Both statutes require parents/guardians to sign a statement: (1) acknowledging the statement from f/n 5 above; and (2) that they must indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the self-administration of medication by the student. There are several methods to obtain a parent/guardian's signature for this purpose, e.g., receipt of handbook signature, or see 7:270-E1, *School Medication Authorization Form*. Discuss with the board attorney the method that works best for the district.

School District Supply of Undesignated Asthma Medication ⁸

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law,⁹ may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*.¹⁰ Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. ¹¹

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁸ Optional. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30, amended by P.A. 100-726. The law permits a district to maintain a supply of undesignated asthma medication in any secure location that is accessible before, during, and after school where a person is most at risk, including, but not limited to a classroom or the nurse's office, and use them when necessary. The P.A. 100-726 amendment requiring accessibility before, during, and after school does not address the logistical issues that classrooms are typically locked before and after school. Consult the board attorney about implementation issues with this phrase in the law.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated asthma medication, implement a plan for its use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is when the district provides them, but does not have them accessible before, during, and after school where an asthmatic person is most at risk as required by 105 ILCS 5/22-30, amended by P.A. 100-726. See *In re Estate of Stewart*, 406 Ill.Dec. 345 (2nd Dist. 2016)(denying tort immunity to district, finding its response to a student's asthma attack was *willful and wanton* (which district disputed as a possible heart attack)) and *In re Estate of Stewart*, 412 Ill.Dec. 914 (Ill. 2017)(school district's appeal denied).

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated asthma medication in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

⁹ 105 ILCS 5/22-30(a), amended by P.A. 100-726, defines *trained personnel* as any school employee or volunteer personnel authorized in Sections 10-22.34, 10-22.34a, and 10-22.34b of the School Code who has completed training required by 105 ILCS 5/22-30(g), amended by P.A. 100-726, to recognize and respond to anaphylaxis, an opioid overdose, or respiratory distress. 105 ILCS 5/22-30(a), amended by P.A. 100-726.

The Ill. State Board of Education (ISBE) must develop the training curriculum for trained personnel, and it may be conducted online or in person. *Id.* at (h) and 23 Ill.Admin.Code §1.540(e)(3). 105 ILCS 5/22-30(h-5), 5/22-30(h), and 5/22-30(h-10), amended by P.A. 100-726, and 23 Ill.Admin.Code §1.540(e) list the training curriculum requirements to recognize and respond to an opioid overdose, an allergic reaction, including anaphylaxis, and respiratory distress, respectively.

¹⁰ 105 ILCS 5/22-30(a). *Respiratory distress* means the perceived or actual presence of wheezing, coughing, shortness of breath, chest tightness, breathing difficulty, or any other symptoms consistent with asthma. *Id.*

School District Supply of Undesignated Epinephrine Injectors 12

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine injector* means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law,¹³ may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. ¹⁴

School District Supply of Undesignated Opioid Antagonists 15

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹² Optional. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30. The law permits a district to maintain a supply of undesignated epinephrine injectors in any secure location that is accessible before, during, and after school where an allergic person is most at risk, including, but not limited to, classrooms and lunchrooms, and use them when necessary. 105 ILCS 5/22-30 requires accessibility before, during, and after school does not address the logistical issues that classrooms are typically locked before and after school. Consult the board attorney about the implementation issues with this new phrase in the law.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated epinephrine injectors, and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is if the district provides them, but does not have them accessible before, during, and after school where an allergic person is most at risk as required by 105 ILCS 5/22-30. See *In re Estate of Stewart*, 406 Ill.Dec. 345 (2nd Dist. 2016)(denying tort immunity to district, finding its response to a student's asthma attack was *willful and wanton* (which district disputed as a possible heart attack)); *In re Estate of Stewart*, 412 Ill.Dec. 914 (Ill. 2017)(school district's appeal denied).

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated epinephrine injectors in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

¹³ See the discussion regarding *trained personnel*, in f/n 8, above.

¹⁴ See f/n 10, above.

¹⁵ Optional. If the board chooses to implement an undesignated opioid antagonist program, and the district employs law enforcement, consult the board attorney about whether this subhead becomes required. See Substance Use Disorder Act, 20 ILCS 301/, amended by P.A.s 100-201 and 100-759.

For boards that choose to implement an undesignated opioid antagonists program, consult the board attorney regarding the Safe and Drug-Free School and Communities Act of 1994 (20 U.S.C. §7101(b)). It prohibits funds provided under it to be used for medical services or drug treatment or rehabilitation, except for integrated student supports, specialized instructional support services, or referral to treatment for impacted students, which may include students who are victims of, or witnesses to crime or who illegally use drugs.

A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30. The law permits a district to maintain a supply of undesignated opioid antagonists in any secure location where a person is at risk of an opioid overdose and use them when necessary. The consequences of informing the community that the district will obtain a prescription for a supply of opioid antagonists and implement a plan for their use, and then not doing it may be fraught with legal liabilities.

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of opioid antagonists in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools. A school nurse or trained personnel,¹⁶ as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.¹⁷ See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment. ¹⁸

School District Supply of Undesignated Glucagon ¹⁹

The Superintendent or designee shall implement 105 ILCS 145/27 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹⁶ See the discussion regarding *trained personnel* in f/n 7, above.

¹⁷ See f/n 10, above.

¹⁸ Optional sentence if the board chooses to implement an undesignated opioid antagonist program as discussed in f/n 14, above. 20 ILCS 301/20-30, added by P.A. 100-494, mandates the Ill. Dept. of Human Services to create a website with these resources. The purpose of this sentence is to provide the community with information about a public health crisis affecting students.

¹⁹ Optional. 105 ILCS 145/27, added by P.A. 101-428, permits a district to maintain a supply of undesignated glucagon in any secure location that is immediately accessible to a school nurse or delegated care aide. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement it.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated glucagon, and implement a plan for their use, and then not doing it, as doing so may be fraught with legal liabilities.

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription for a supply of undesignated glucagon in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

Administration of Medical Cannabis ²⁰

The Compassionate Use of Medical Cannabis Program Act²¹ allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old²² and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District; ²³
 - c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and ²⁴
 - d. After administering the product to the student, the designated caregiver immediately²⁵ removes it from school premises or the school bus.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

²⁰ 105 ILCS 5/22-33(g), added by P.A. 100-660 (*Ashley's Law*), requires school boards to adopt a policy and implement it by:

1. Authorizing a parent/guardian and/or a *designated caregiver* of a student who is a *registered qualifying patient* to administer a medical cannabis infused product to that student at school or on the school bus (105 ILCS 5/22-33(b)).
2. Allowing a school nurse or administrator to administer a medical cannabis infused product to a student who is a *registered qualifying patient* while at school, a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care, on school-operated property or while being transported on a school bus (105 ILCS 5/22-33(b-5), added by 101-370, eff. 1-1-20)).
3. Authorizing a student who is a *registered qualifying patient* to self-administer a medical cannabis infused product if the self-administration takes place under the direct supervision of a school nurse or school administrator (*Id.*).

Important: If a district would lose federal funding as a result of the board adopting this policy, the board may not authorize the use of a medical cannabis infused product under Ashley's Law and not adopt this subsection. 105 ILCS 5/22-33(f). See f/n 25, below, and paragraph two of f/n 1 in policy 5:50, *Drug- and Alcohol-Free Workplace; E-Cigarette, Tobacco, and Cannabis Prohibition*, for more information about Congress interfering with a state's decision to implement laws governing the legalization of cannabis, and consult the board attorney about the issue of federal funding.

²¹ 410 ILCS 130/, amended by P.A. 101-363 and scheduled to be repealed on 7-1-20.

²² *Id.* at 130/10(i), added by P.A. 100-660, and 130/57(a) and (b), amended by P.A. 101-363 and scheduled to be repealed on 7-1-20. A student under the age of 18 may have up to three designated caregivers as long as at least one is a biological parent or a legal guardian. *Id.* at 130/57(a). A student 18 years of age or older may appoint up to three designated caregivers who meet the requirements of the Compassionate Use of Medical Cannabis Program Act. *Id.* at 130/57(b).

²³ The laws are silent about copies of the cards being provided to the district. Requiring copies of the registry cards is a best practice. Consult the board attorney about any records laws implicated in requiring and maintaining copies of these registry cards.

²⁴ A completed and signed school medication authorization form is not required by *Ashley's Law* but is a best practice and consistent with this sample policy's language for other medications. See sample exhibit 7:270-E2, *School Medication Authorization Form - Medical Cannabis*.

²⁵ The word *immediately* is not in *Ashley's law*. It is added to ensure legal compliance with federal laws that could affect federal funding. For example, consider administrators who may be in the situation where a designated caregiver provides his or her child the product and then wants to volunteer in the school or greet another child in the school while carrying the product in the building which may violate the Cannabis Control Act (720 ILCS 550/5.2). Consult the board attorney about the best term to use here, if any, as nothing in the law addresses these common scenarios that school administrators will encounter.

2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus. ²⁶
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator. ²⁷

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped.²⁸ Smoking and/or vaping medical cannabis is prohibited. ²⁹

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product. ³⁰

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator³¹ pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

²⁶ 105 ILCS 5/22-33(b-5), added by P.A. 101-370, eff. 1-1-20. A school nurse or administrator must annually complete a training curriculum to be developed by ISBE in consultation with the Ill. Dept. of Public Health prior to administering a medical cannabis infused product to a student in accordance with this section. 105 ILCS 5/22-33(f-5), added by P.A. 101-370, eff. 1-1-20.

²⁷ Id. Any product administered by a school nurse or administrator, or self-administered under the supervision of a school nurse or administrator, must be stored with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or a school administrator. 105 ILCS 5/22-33(b-10), added by P.A. 101-370, eff. 1-1-20.

²⁸ 410 ILCS 130/10(q). Consult the board attorney regarding the controversial issue of students using at, or bringing to school, cannabis-infused products without THC that are derived from *industrial hemp* (hemp oil or cannabidiol (CBD) oil, the naturally occurring cannabinoid constituent of cannabis). Industrial hemp is defined in the Industrial Hemp Act (IHA) as the plant *Cannabis sativa* L. and any part of that plant, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis that has been cultivated under a license or is otherwise lawfully present in Illinois and includes any intermediate or finished product made or derived from industrial hemp. 505 ILCS 89/, added by P.A. 100-1091. Industrial hemp is also colloquially known as *agricultural hemp*.

Products from industrial hemp are widely available. As a consequence, school employees may encounter the argument from a student and his or her parent/guardian that the use of hemp or CBD oil products derived from industrial hemp (containing no THC) is not a violation of Illinois law because 720 ILCS 550/3(a), amended by P.A. 100-1091, states "cannabis does not include industrial hemp as defined and authorized under the IHA (505 ILCS 89/, added by P.A. 100-1091)."

²⁹ Optional sentence. 410 ILCS 130/10(q) and scheduled to be repealed on July 1, 2020, prohibits medical cannabis from being smoked. District administrators may find providing this information to the community helpful to enforcement of this policy.³⁰ 105 ILCS 5/22-33(e), added by P.A. 100-660. Consult the board attorney for guidance regarding whether a school nurse or administrator can be required to administer the product.

³⁰ 105 ILCS 5/22-33(e), added by P.A. 100-660. Consult the board attorney for guidance regarding whether a school nurse or administrator can be required to administer the product.

Orders to Forgo Life-Sustaining Treatments

Written orders from parent(s)/guardian(s) to forgo life-sustaining treatment for their child or ward must be signed by the child's physician and given to the Superintendent. This policy shall be interpreted in accordance with the Illinois Health Care Surrogate Act (755 ILCS 40/1 et seq.).

Whenever an order to forgo life-sustaining treatment is received, the Superintendent shall convene a multi-disciplinary team that includes the child's parent(s)/guardian(s) and physician, as well as school personnel designated by the Superintendent. The team shall determine specific interventions to be used by school staff members in the event the child suffers a life-threatening episode at school or a school event. The District personnel shall convey orders to forgo life-sustaining treatment to the appropriate emergency or healthcare provider.

Orders to Forgo Life-Sustaining Treatment ¹

Written orders from parent(s)/guardian(s) to forgo life-sustaining treatment for their child must be signed by the student's physician and given to the Superintendent. This policy shall be interpreted in accordance with the Illinois Health Care Surrogate Act. 755 ILCS 40/. ²

Whenever an order to forgo life-sustaining treatment is received, the Superintendent shall convene a multi-disciplinary team that includes:

1. The student, when appropriate;
2. The student's parent(s)/guardian(s);
3. Other medical professionals, e.g., licensed physician, physician's assistant, or nurse practitioner;
4. Local first responders for the building in which the student is assigned to attend school;³
5. The school nurse;
6. Clergy, if requested by the student or his or her parent(s)/guardians(s);
7. Other individuals to provide support to the student or his or her parent(s)/guardian(s); and
8. School personnel designated by the Superintendent.^{4 5}

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ This policy is optional. State or federal law controls this policy's content. This policy concerns an area in which the law is unsettled in that there is no statute or binding decision resolving competing interests and providing direction to schools for handling *do not resuscitate* (DNR) orders.

² The Health Care Surrogate Act grants parents and court-appointed guardians the authority to decide whether to forgo life-sustaining treatment on behalf of their minor child in certain situations. 755 ILCS 40/20. The child must suffer a *qualifying condition*, which means the existence of a terminal condition, permanent unconsciousness, or incurable or irreversible condition. These terms are defined in the Act.

The Act does not address the obligation of school staff members to comply with orders to forgo life-sustaining treatment, including DNR orders. Rather, the Act is silent regarding directives on life-sustaining care outside a health care facility or performed by a non-health care provider. The law does, however, indicate who should be the ultimate decision maker – the parent(s)/guardian(s). School officials should use the Act, after consulting the school board's attorney, as a guideline.

³ Municipal and/or village ordinances may affect response time and care from first responders.

⁴ Consult the board attorney regarding the establishment of a multi-disciplinary team and whether attendance at meetings is necessary. Implementing orders to forgo life-sustaining care implicates the laws prohibiting discrimination on the basis of a disability. IDEA, 20 U.S.C. §1401; Section 504, 29 U.S.C. §794; ADAAA, 42 U.S.C. §12101 *et seq.*, amended by the Americans with Disabilities Act Amendments Act (ADAAA), Pub.L. 110-325 and modified by the Lilly Ledbetter Fair Act, Pub.L. 111-2. A school agreeing to abide by such an order does so because of the disability's severity; a less severely disabled or non-disabled student would be treated differently. The U.S. Dept. of Education's Office for Civil Rights approved a policy that provided for a multi-disciplinary team to develop individually designed interventions. School staff members must use these interventions that might require honoring an order to forgo life-sustaining care. 21 IDELR 83 (3-31-94). This sample policy balances the interests of the parents with the district's obligation under federal law by using such a team. However, liability may exist when a district determines specific interventions and then does not provide them. See *In re Estate of Stewart*, 406 Ill.Dec. 345 (2nd Dist. 2016) (denying tort immunity to district, finding its response to a student's asthma attack was willful and wanton (which district disputed as a possible heart attack)); *In re Estate of Stewart*, 412 Ill.Dec. 914 (Ill. 2017) (school district's appeal denied).

The team shall determine guidelines to be used by school staff members in the event the child suffers a life-threatening episode at school or a school event.⁶

The District personnel shall convey orders to forgo life-sustaining treatment to the appropriate emergency or healthcare provider.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ Consult the board attorney about requiring teachers and other non-administrative school employees to administer medical care and/or treatment to students who are the subject of orders to forgo life-sustaining treatment. Generally, only licensed (formerly certificated) school nurses and non-licensed (formerly non-certificated) registered professional nurses may be required to administer medication to students. See 105 ILCS 5/10-22.21b and f/n 1 in policy 7:270, *Administering Medicines to Students*.

⁶ The following are two optional sentences to add at the end of this paragraph:

Option 1: The Superintendent or designee will ensure minutes are taken that summarize the decisions and guidelines made during multi-disciplinary meetings and obtain signatures of the child's parent(s)/guardian(s) on the minutes of each multi-disciplinary meeting.

Option 2: The Superintendent or designee will monitor the effectiveness of the guidelines established during the multi-disciplinary meetings at times the multi-disciplinary team determines are necessary.

Boards may choose either or both options.

Policy 7:285

Food Allergy Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger a food allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

1. Fully implements the following goals established in The School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.
2. Follows and references the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Food Allergy Management Program ¹

School attendance may increase a student's risk of exposure to allergens that could trigger a food-allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions. ²

The Superintendent or designee shall develop and implement a Food Allergy Management Program that: ³

1. Fully implements the following goals established in the School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.
2. Follows and references the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Dept. of Public Health publication *Guidelines for Managing Life-Threatening Food Allergies in Schools*, available at:

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ 105 ILCS 5/2-3.149 requires school boards to implement a policy that is based upon the joint State Board of Education (ISBE) and Ill. Dept. of Public Health (IDPH) publication titled *Guidelines for Managing Life-Threatening Food Allergies in Schools*, (*ISBE/IDPH Guidelines*). Administrative procedures referencing the *ISBE/IDPH Guidelines* must support this policy in order to comply with the law. See the discussion in f/n 3 below and 7:285-AP1, *Administrative Procedure-Implementing a Food Allergy Management Program* for a sample implementation procedure.

This legislation stems from data showing that the number of children being diagnosed with food allergies is increasing. Every food-allergic reaction can develop into a life-threatening reaction and, even with proper treatment, can be fatal. See the *ISBE/IDPH Guidelines*, pages 7 and 8, citing Sampson, H.A., *Food Allergy, from Biology Toward Therapy, Hospital Practice*, available at: www.isbe.net/Documents/food_allergy_guidelines.pdf.

² This ends statement requires board work and should be discussed (what effect or impact will this district statement have on the students and the community?) and altered accordingly before board adoption. A food allergy management program should promote prevention and management of life-threatening allergic reactions (see 105 ILCS 5/2-3.149(b) and *ISBE/IDPH Guidelines*, on p. 7). For more information on ends statements and governance, see IASB's *Foundational Principles of Effective Governance* at: www.iasb.com/principles_popup.cfm.

The clause "using a cooperative effort among students' families, staff members, and students" is optional and can be removed. The purpose of the clause is to share responsibility for management among the district, staff, and food-allergic students and their families.

³ 105 ILCS 5/10-20. To balance the requirement to implement a policy based upon the *ISBE/IDPH Guidelines* (105 ILCS 5/2-3.149(b)) with the practicalities of managing a district, this paragraph delegates the board's implementation duty to the superintendent.

Number one outlines the goals that the legislature directed ISBE and IDPH to include in the *ISBE/IDPH Guidelines* (105 ILCS 5/2-3.149(a)-(c)). The in-service training program is required by 105 ILCS 5/10-22.39(e). Boards may add further expectations and include additional goals that reflect those expectations here.

Number two balances the requirements of the law with the practicalities of managing a district by referencing the *ISBE/IDPH Guidelines* (105 ILCS 5/2-3.149(b)). The publication is 78 pages and adopting the entire document as policy is not practical. Further, not every portion of the publication applies to every district's needs.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Board goals.

Suicide and Depression Awareness and Prevention Program

The Superintendent or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program (Program) that advances the Board's goals of increasing awareness and prevention of depression and suicide. This program must be consistent with the requirements of Ann Marie's Law listed below; each listed requirement, 1-6, corresponds with the list of required policy components in the School Code Section 5/2-3.163(c)(2)-(7). The Program shall include:

1. Protocols for administering youth suicide awareness and prevention education to students and staff.
2. For students, implementation will incorporate Board policy 6:60, *Curriculum Content*, which implements 105 ILCS 5.2-3.139 and 105 ILCS 5/27-7 (requiring education for students to develop a sound mind and a healthy body).
3. For staff, implementation will incorporate Board policy 5:100, *Staff Development Program*, and teacher's institutes under 105 ILCS 5/3-14.8 (requiring coverage of the warning signs of suicidal behavior).
4. Procedures for methods of suicide prevention with the goal of early identification and referral of students possibly at risk of suicide.
5. For students in grades 7 through 12, implementation shall incorporate the training required by 105 ILCS 5/10-22.39 for school guidance counselors, teachers, school social workers, and other school personnel who work with students to identify the warning signs of suicidal behavior in adolescents and teens along with appropriate intervention and referral techniques, including methods of prevention, procedures for early identification, and referral of students at risk of suicide.
6. For all students, implementation shall incorporate Illinois State Board of Education (ISBE)-recommended guidelines and educational materials for staff training and professional development, along with ISBE-recommended resources for students containing age-appropriate educational materials on youth suicide and awareness, if available pursuant to Ann Marie's Law on ISBE's website.
7. Methods of intervention, including procedures that address an emotional or mental health safety plan for use during the school day and at school-sponsored events for a student identified as being at increased risk of suicide. Implementation will incorporate paragraph number 2, above, along with:
8. Board policy 6:65, *Student Social and Emotional Development*, implementing the goals and benchmarks of the Ill. Learning Standards and 405 ILCS 49/15(b) (requiring student social and emotional development in the District's educational program);
9. Board policy 6:270, *Guidance and Counseling Program*, implementing guidance and counseling program(s) for students, and 105 ILCS 5/10-22.24a and 22.24b, which allow a qualified guidance specialist or any licensed staff member to provide school counseling services.
10. Board policy 7:250, *Student Support Services*, implementing the Children's Mental Health Act of 2003, 405 ILCS 49/ (requiring protocols for responding to students with social, emotional, or mental health issues that impact learning ability); and
11. State and/or federal resources that address emotional or mental health safety plans for students who are possibly at an increased risk for suicide, if available on the ISBE's

website pursuant to Ann Marie's Law.

12. Methods of responding to a student or staff suicide or suicide attempt. Implementation of this requirement shall incorporate building-level Student Support Committee(s) established through Board policy 7:250, *Student Support Services*.
13. Reporting procedures. Implementation of this requirement shall incorporate Board policy 6:270, *Guidance and Counseling Program*, and Board policy 7:250, *Student Support Services*, in addition to other State and/or federal resources that address reporting procedures.
14. A process to incorporate ISBE-recommend resources on youth suicide awareness and prevention programs, including current contact information for such programs in the District's Suicide and Depression Awareness and Prevention Program.

Illinois Suicide Prevention Strategic Planning Committee

The Superintendent or designee shall attempt to develop a relationship between the District and the Illinois Suicide Prevention Strategic Planning Committee, the Illinois Suicide Prevention Coalition Alliance, and/or a community mental health agency. The purpose of the relationship is to discuss how to incorporate the goals and objectives of the Illinois Suicide Prevention Strategic Plan into the District's Suicide Prevention and Depression Awareness Program.

Monitoring

The Board will review and update this policy pursuant to Ann Marie's Law and Board policy 2:240, *Board Policy Development*.

Information to Staff, Parents/Guardians, and Students

The Superintendent shall inform each school district employee about this policy and ensure its posting on the District's website. The Superintendent or designee shall provide a copy of this policy to the parent or legal guardian of each student enrolled in the District.

Implementation

This policy shall be implemented in a manner consistent with State and federal laws, including the Children's Mental Health Act of 2003, 405 ILCS 49/, Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/, and the Individuals with Disabilities Education Act, 42 U.S.C. §12101 etseq.

The District, Board, and its staff are protected from liability by the Local Governmental and Governmental Employees Tort Immunity Act. Services provided pursuant to this policy: (1) do not replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in suicide prevention, assessments and counseling services, (2) are strictly limited to the available resources within the District, (3) do not extend beyond the school day and/or school-sponsored events, and (4) cannot guarantee or ensure the safety of a student or the student body.

Suicide and Depression Awareness and Prevention 1

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Board goals.

Suicide and Depression Awareness and Prevention Program

The Superintendent or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program (Program) that advances the Board's goals of increasing awareness and prevention of depression and suicide. This program must be consistent with the requirements of *Ann Marie's Law* listed below; each listed requirement, 1-6, corresponds with the list of required policy components in the School Code Section 5/2-3.166(c)(2)-(7). The Program shall include:

1. Protocols for administering youth suicide awareness and prevention education to students and staff.²
 - a. For students, implementation will incorporate Board policy 6:60, *Curriculum Content*, which implements 105 ILCS 5.2-3.139 and 105 ILCS 5/27-7 (requiring education for students to develop a sound mind and a healthy body).
 - b. For staff, implementation will incorporate Board policy 5:100, *Staff Development Program*, and teacher's institutes under 105 ILCS 5/3-14.8 (requiring coverage of the warning signs of suicidal behavior).
2. Procedures for methods of suicide prevention with the goal of early identification and referral of students possibly at risk of suicide.³ Implementation will incorporate:

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ A suicide awareness and prevention policy is required by 105 ILCS 5/2-3.166(c). The first sentence of this policy is required by 105 ILCS 5/2-3.166(c)(1).

This policy contains an item on which collective bargaining may be required. See 105 ILCS 5/10-22.24b. Any policy that impacts upon wages, hours, and terms and conditions of employment, is subject to collective bargaining upon request by the employee representative, even if the policy involves an inherent managerial right.

² Required by 105 ILCS 5/2-3.166(c)(2). While this law is titled Youth Suicide Awareness and Prevention, it requires the policy to include protocols for administering youth suicide awareness and prevention education to *staff* and students.

For student protocols, see 105 ILCS 5/2-3.139 and 105 ILCS 5/27-7.

For staff protocols, see 105 ILCS 5/3-14.8, which requires the regional superintendents to cover the warning signs of suicidal behavior in teacher's institutes. In suburban Cook County, an Intermediate Service Center will perform the responsibilities that are performed in other locations by the regional superintendent. P.A. 96-893.

³ Required by 105 ILCS 5/2-3.166(c)(3). This policy adds *with the goal of* and *possibly* to modify the statute's use of "at risk of suicide." *With the goal of* acknowledges that identifying every student at risk of suicide is impossible. *Possibly* is added to inform the public that these identifications are not definitive. School staff members are not licensed medical professionals who are fully trained to make definitive determinations about whether a student is at risk of suicide, and parents/guardians should not take any referral under this requirement as such.

- a. The training required by 105 ILCS 5/10-22.39 for licensed school personnel and administrators who work with students to identify the warning signs of suicidal behavior in youth along with appropriate intervention and referral techniques, including methods of prevention, procedures for early identification, and referral of students at risk of suicide; and
 - b. Ill. State Board of Education (ISBE)-recommended guidelines and educational materials for staff training and professional development, along with ISBE-recommended resources for students containing age-appropriate educational materials on youth suicide and awareness, if available pursuant to *Ann Marie's Law* on ISBE's website.
3. Methods of intervention, including procedures that address an emotional or mental health safety plan for use during the school day and at school-sponsored events for a student identified as being at increased risk of suicide. Implementation will incorporate paragraph number 2, above, along with: ⁴
- a. Board policy 6:65, *Student Social and Emotional Development*, implementing the goals and benchmarks of the Ill. Learning Standards and 405 ILCS 49/15(b) (requiring student social and emotional development in the District's educational program);
 - b. Board policy 6:270, *Guidance and Counseling Program*, implementing guidance and counseling program(s) for students, and 105 ILCS 5/10-22.24a and 22.24b, which allow a qualified guidance specialist or any licensed staff member to provide school counseling services;
 - c. Board policy 7:250, *Student Support Services*, implementing the Children's Mental Health Act of 2003, 405 ILCS 49/ (requiring protocols for responding to students with social, emotional, or mental health issues that impact learning ability); and
 - d. State and/or federal resources that address emotional or mental health safety plans for students who are possibly at an increased risk for suicide, if available on the ISBE's website pursuant to *Ann Marie's Law*.
4. Methods of responding to a student or staff suicide or suicide attempt. Implementation of this requirement shall incorporate building-level Student Support Committee(s) established through Board policy 7:250, *Student Support Services*. ⁵

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

105 ILCS 5/10-22.39, amended by P.A.s 100-903 and 101-350, requires licensed school personnel and administrators who work with students in kindergarten through grade 12 to be trained to identify the warning signs of suicidal behavior in youth along with appropriate intervention and referral techniques. While very little guidance is available for students in grades 6 and below, *Ann Marie's Law* directs the Ill. State Board of Education (ISBE) to compile, develop and post these items on its website. Districts may use the Ill. Mental Health training program, established under the Ill. Mental Health First Aid Training Act, to provide the training for this in-service requirement. See f/n 4 in policy 5:100, *Staff Development Program*, for further discussion of this training requirement.

Ann Marie's Law requires ISBE to develop and recommend materials. See the discussion in f/n 7, below, on ISBE-recommended materials.

⁴ Required by 105 ILCS 5/2-3.166(c)(4). For further discussion of 105 ILCS 5/10-22.24b, see f/n 2 in policy 6:270, *Guidance and Counseling Program*. This policy adds "for use during the school day and at school-sponsored events" to inform the public about the limitations concerning what schools can realistically provide students and their parent(s)/guardian(s). See the discussion in f/n 3 regarding the addition of the word *possibly*.

⁵ Required by 105 ILCS 5/2-3.166(c)(5). See 7:250-AP2, *Protocol for Responding to Students with Social, Emotional, or Mental Health Needs* for information about building-level Student Support Committees. When sharing information from therapists and counselors, these committees are required to follow the Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/, and the Children's Mental Health Act of 2003, 405 ILCS 49/.

5. Reporting procedures. Implementation of this requirement shall incorporate Board policy 6:270, *Guidance and Counseling Program*, and Board policy 7:250, *Student Support Services*, in addition to other State and/or federal resources that address reporting procedures.⁶
6. A process to incorporate ISBE-recommended resources⁷ on youth suicide awareness and prevention programs, including current contact information for such programs in the District's Suicide and Depression Awareness and Prevention Program. ⁸

Illinois Suicide Prevention Strategic Planning Committee

The Superintendent or designee shall attempt to develop a relationship between the District and the Illinois Suicide Prevention Strategic Planning Committee, the Illinois Suicide Prevention Coalition Alliance, and/or a community mental health agency. The purpose of the relationship is to discuss how to incorporate the goals and objectives of the Illinois Suicide Prevention Strategic Plan into the District's Suicide Prevention and Depression Awareness Program. ⁹

Monitoring ¹⁰

The Board will review and update this policy pursuant to *Ann Marie's Law* and Board policy 2:240, *Board Policy Development*.

Information to Staff, Parents/Guardians, and Students

The Superintendent shall inform each school district employee about this policy and ensure its posting on the District's website.¹¹ The Superintendent or designee shall provide a copy of this policy to the parent or legal guardian of each student enrolled in the District. ¹²

⁶ Required by 105 ILCS 5/2-3.166(c)(6).

⁷ 105 ILCS 5/2-3.166(b)(2)(B), directs ISBE to "compile, develop, and post on its publicly accessible Internet website both of the following, which may include materials already publicly available: (A) [r]ecommended guidelines and educational materials for training and professional development, and (B) [r]ecommended resources and age-appropriate educational materials on youth suicide awareness and prevention."

ISBE has created the *Illinois Youth Suicide Prevention Toolkit: A Reference for Administrators, Counselors, Teachers, and Staff*, at: www.isbe.net/Documents/Suicide-Prevention-Procedures.pdf, as well as listing other resources at: www.isbe.net/Pages/Suicide-Prevention.aspx.

⁸ Required by 105 ILCS 5/2-3.166(c)(7).

⁹ Optional. The status of the *Illinois Suicide Prevention Strategic Plan* is unclear in light of *Ann Marie's Law*. However, the plan may be found at: www.idph.state.il.us/about/chronic/Suicide_Prevention_Plan_Jan-08.pdf. Its goals and objectives reflect the input of public and private organizations and stakeholders that are concerned with mental health. It is designed to reduce suicide through a positive public health approach. The target dates for implementing these goals and objectives started in 2010 with target dates of completion in 2012. See also the Suicide Prevention Resource Center and its Illinois page at www.sprc.org/states/illinois for more information on which goals in the Illinois Suicide Prevention Strategic Plan have been implemented. The Suicide Prevention Resource Center also had an awareness public prevention pilot program titled "It Only Takes One," available at: www.itonlytakesone.org/.

¹² *Id.* Consult the board attorney about placing the policy in the student handbook instead of and/or in addition to providing a hard copy to each student's parent/guardian. Members of the Ill. For more information, see: www.ilprincipals.org/resources/model-student-handbook.

Implementation

This policy shall be implemented in a manner consistent with State and federal laws, including the Children's Mental Health Act of 2003, 405 ILCS 49/, Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/, and the Individuals with Disabilities Education Act, 42 U.S.C. §12101 et seq.

The District, Board, and its staff are protected from liability by the Local Governmental and Governmental Employees Tort Immunity Act. Services provided pursuant to this policy: (1) do not replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in suicide prevention, assessments and counseling services, (2) are strictly limited to the available resources within the District, (3) do not extend beyond the school day and/or school-sponsored events, and (4) cannot guarantee or ensure the safety of a student or the student body. ¹³

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

13 Consult the board attorney for guidance concerning liability in this area. Except for cases of willful and wanton conduct, the Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/, likely protects districts from liability for failure to properly identify and/or respond to a student's mental health issue that results in suicide. See 745 ILCS 10/3-108 and Grant v. Board of Trustees of Valley View School Dist. No. 365-U, 286 Ill.App.3d 642 (3rd Dist. 1997). However, attorneys have concerns that failing to inform parents/guardians that services required under *Ann Marie's Law* are limited may open districts to potential litigation if services provided under the policy fail or are deemed inadequate. Every situation is fact specific and the issues require careful evaluation. A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its board attorney, to minimize liability, such as adding limiting phrases (see discussions in f/ns 3 & 4) and ensuring other policies are followed. Ultimately, the best way to minimize liability is to be sure that the district's insurance policies cover the training and other requirements under *Ann Marie's Law*.

In addition to the Tort Immunity Act, school officials and districts may also be entitled to qualified immunity in civil rights lawsuits that seek to hold them liable for a suicide. See Sanford v. Stiles, 456 F.3d 298 (3d Cir. 2006); Martin v. Shawano-Gresham School Dist., 295 F.3d 701 (7th Cir. 2002); Armijo v. Wagon Mount Public Schools, 159 F.3d 1253 (10th Cir. 1998). Yet, recent trends in student-on-student harassment cases are emerging where parents whose children die of suicide allege that a school's failure to properly identify or respond to the child's mental health issues was a contributing cause for the suicide.

In these cases, the parents ask courts to apply Davis v. Monroe County Board of Education, 526 U.S. 629 (1999), to *Section 504* cases. Under the *Davis standard*, parents must prove that: (1) their child was an individual with a disability; (2) their child was harassed based upon his or her disability; (3) the harassment was sufficiently severe or pervasive that it altered the condition of the child's education and created an abusive educational environment; (4) the school district knew about the harassment; and (5) the school district was deliberately indifferent to the harassment.

While not precedential in Illinois, several cases illustrate the uncertainty of a school district's liability in the emerging area of suicide prevention liability and/or failure to properly respond to a student's mental health issues and may indicate a trend toward courts allowing juries to determine a district's liability: Armijo v. Wagon Mound Public Schools, 159 F.3d 1253 (10th Cir. 1998) (denying summary judgment to two individual defendant district employees based on a state-created danger theory and as to all defendant employees based on a special relationship theory); Estate of Barnwell ex rel. Barnwell v. Watson, 44 Supp.3d 859 (E.D. Ark. 2014) (allowing plaintiff parents to move forward in litigation alleging that school district's *Section 504* failures contributed to their son's suicide, but summary judgment in favor of school district eventually granted); and Walsh v. Tehachapi Unified School District, 997 F.Supp.2d 1071 (E.D. Ca. 2014) (denying summary judgment because the school district's conduct may have been the proximate cause of the student suffering an uncontrollable impulse to commit suicide). But see Estate of Lance v. Lewisville Independent School Dist., 743 F.3d 982 (5th Cir. 2014) (finding in favor of the school district because the claimed special relationship theory and state-created danger theories were not actionable).

Student Athlete Concussions and Head Injuries ¹

The Superintendent or designee shall develop and implement a program to manage concussions and head injuries suffered by students. The program shall:

1. Fully implement the Youth Sports Concussion Safety Act, that provides, without limitation, each of the following: ²
 - a. The Board must appoint or approve member(s) of a Concussion Oversight Team for the District. ³
 - b. The Concussion Oversight Team shall establish each of the following based on peer-reviewed scientific evidence consistent with guidelines from the Centers for Disease Control and Prevention: ⁴
 - i. A return-to-play protocol governing a student's return to interscholastic athletics practice or competition following a force of impact believed to have caused a

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ Three Illinois statutes in the School Code have addressed student concussions:

- (1) The Youth Sports Concussion Safety Act, 105 ILCS 5/22-80, added by P.A. 99-245; amended by P.A.s 99-486 (delayed the compliance deadline until the beginning of the 2016-2017 school year) and 100-747, eff. 1-1-19. The Act contains concussion safety directives for school boards and certain identified staff members. A school district must implement Sec. 22-80 if it offers interscholastic athletic activities or interscholastic athletics under the direction of a coach (volunteer or school employee), athletic director, or band leader. A school district may need to implement its return-to-learn protocol for a student's return to the classroom after he or she is believed to have experienced a concussion, "whether or not the concussion took place while the student was participating in an interscholastic activity." 105 ILCS 5/22-80(d). For a comprehensive discussion of this Act, see the IASB publication *Checklist for Youth Sports Concussion Safety Act* at: <https://www.iasb.com/law/Checklistconcussionsafetyact.pdf>. Helpful guidance for implementing this law is available from the Lurie Children's Hospital's *A Guide for Teachers and School Professionals*.
- (2) 105 ILCS 25/1.15 requires: (a) all high school coaching personnel to complete online concussion awareness training; and (b) all student athletes to view the IHSA video about concussions.
- (3) 105 ILCS 25/1.20, added by P.A. 99-831, requires the IHSA to require all member districts that have certified athletic trainers to have those trainers complete and submit a monthly report on student-athletes who have sustained a concussion during: (1a) a school-sponsored activity overseen by the athletic trainer; or (2) a school-sponsored event of which the athletic director is made aware.

The Center for Disease Control and Prevention explains that a concussion is a type of traumatic brain injury caused by a bump, blow, or jolt to the head, or by a hit to the body that causes the head and brain to move rapidly back and forth. See www.cdc.gov/headsup/index.html. The CDC website contains excellent resources for the recognition, response, and prevention of concussions, including the opportunity to order or download free educational materials on concussions that can be distributed to parents, students, and coaches.

² 105 ILCS 5/22-80, added by P.A. 99-245; amended by P.A.s 99-486, 100-309, and 100-747, eff. 1-1-19.

³ 105 ILCS 5/22-80(d), added by P.A. 99-245; amended by P.A.s 99-486 and 100-309. A physician, to the extent possible, must be on the Team. If the school employs an athletic trainer and/or nurse, they must be on the Team to the extent practicable. The Team must include, at a minimum, one person who is responsible for implementing and complying with the return-to-play and return-to-learn protocols adopted by the Team. Other licensed health care professionals may be appointed to serve on the Team. The statute provides that the Team may be composed of only one person who need not be a licensed healthcare professional, however, that person may not be a coach. *Id.*

As this is administrative/staff work rather than governance work, the best practice is to have the Concussion Oversight Team be an *administrative* committee, but consult the board attorney for guidance. If it is a board committee, it must comply with the Open Meetings Act, 5 ILCS 120/1.02. For a discussion of the Open Meetings Act's treatment of committees, see the footnotes in 2:150, *Committees*.

concussion. The Superintendent or designee shall supervise an athletic trainer or other person responsible for compliance with the return-to-play protocol. ⁵

- ii. A return-to-learn protocol governing a student's return to the classroom following a force of impact believed to have caused a concussion. The Superintendent or designee shall supervise the person responsible for compliance with the return-to-learn protocol. ⁶
- c. Each student and the student's parent/guardian shall be required to sign a concussion information receipt form each school year before participating in an interscholastic athletic activity. ⁷
- d. A student shall be removed from an interscholastic athletic practice or competition immediately if any of the following individuals believes that the student sustained a concussion during the practice and/or competition: a coach, a physician, a game official, an athletic trainer, the student's parent/guardian, the student, or any other person deemed appropriate under the return-to-play protocol. ⁸
- e. A student who was removed from interscholastic athletic practice or competition shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the return-to-play and return-to-learn protocols developed by the Concussion

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ The Youth Sports Concussion Safety Act contains requirements for a student to return to play following a concussion Id. The supervisor of the person responsible for compliance with the return-to-play protocol may not be a coach. The student's treating physician, physician assistant, advanced practice registered nurse, or an athletic trainer working under a physician's supervision must evaluate and find that it is safe for the student to return to play. The student's parent/guardian must sign a consent form that complies with statutory prerequisites. In addition, the student must also complete the requirements in the district's return-to-play and return-to-learn protocols. Thus, the district through its protocols may add requirements for the student's return, but may not delete any statutory requirements.

It is an open question whether the return-to-play protocol is limited to when the concussion occurred during an interscholastic athletic activity because the statute does not state "whether or not the concussion took place while the student was participating in an interscholastic athletic activity." It makes sense, however, to apply the return-to-play protocol whenever a student suffers a concussion before allowing him or her to participate in an interscholastic athletic activity. See IHSA's *Post-concussion Consent Form (RTP/RTL)* at:

ihsa.org/Resources/SportsMedicine/ConcussionManagement/ConcussionResources.aspx

The supervisor of the person responsible for compliance with the return-to-learn protocol may not be a coach. The return-to-learn protocol governs a student's return to the classroom after a concussion, whether or not the concussion took place while the student was participating in an interscholastic athletic activity. Guidance from Lurie Children's Hospital explains that recovery from a concussion must be an individualized process because no two concussions are the same. See *Return to Learn after a Concussion: A Guide for Teachers and School Professionals*, Lurie Children's Hospital. This *Guide* explains that a student's full recovery depends on both cognitive rest and physical rest. It suggests using a multidisciplinary team to facilitate a student's return to the classroom and provides examples of accommodations and interventions. It also stresses the importance of identifying a school staff member who will function as a case manager or concussion management leader, such as a school nurse, athletic trainer, or school counselor. See IHSA's *Post-concussion Consent Form (RTP/RTL)* at:

ihsa.org/Resources/SportsMedicine/ConcussionManagement/ConcussionResources.aspx.

⁷ 105 ILCS 5/22-80(e), added by P.A. 99-245, amended by P.A. 99-486. *Interscholastic athletic activity* is defined in Section 22-80(a) as "any organized school-sponsored or school-sanctioned activity for students, generally outside of school instructional hours, under the direction of a coach, athletic director, or band leader, including, but not limited to, baseball, basketball, cheerleading, cross country track, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, marching band, rugby, soccer, skating, softball, swimming and diving, tennis, track (indoor and outdoor), ultimate Frisbee, volleyball, water polo, and wrestling. The form must be approved by the Illinois High School Association (IHSA). Oversight Team. An athletic team coach or assistant coach may not authorize a student's return-to-play or return-to-learn. ⁹

- f. The following individuals must complete concussion training as specified in the Youth Sports Concussion Safety Act: all coaches or assistant coaches (whether volunteer or a district employee) of interscholastic athletic activities; nurses, licensed healthcare professionals or non-licensed healthcare professionals who serve on the Concussion Oversight Team (whether or not they serve on a volunteer basis); athletic trainers; game officials of interscholastic athletic activities; and physicians who serve on the Concussion Oversight Team. ¹⁰
 - g. The Board shall approve school-specific emergency action plans for interscholastic athletic activities to address the serious injuries and acute medical conditions in which a student's condition may deteriorate rapidly. ¹¹
2. Comply with the concussion protocols, policies, and by-laws of the Illinois High School Association (IHSA), including its *Protocol for Implementation of NFHS Sports Playing Rules for Concussion*, which includes its *Return to Play (RTP) Policy*.¹² These specifically require that:
- a. A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game shall be removed from participation or competition at that time.
 - b. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer.
 - c. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois, advanced practice

Most students with a concussion will not need a formal 504 plan or individualized education program; contact the board attorney whenever one is requested or the student's symptoms are prolonged.

¹⁰ 105 ILCS 5/22-80(h), added by P.A. 99-245, amended by P.A.s 99-486 and 100-309. Individuals covered by this training mandate must take a training course from an authorized training provider prior to serving on a Concussion Oversight Team (Team) and at least once every two years (or if not serving on the Team, at least once every two years). See the footnotes in 5:100, *Staff Development Program*. Physicians on Teams are required, to the greatest extent practicable, to periodically take an appropriate medical course on concussions. 105 ILCS 5/22-80(h)(3).

Note: *Licensed healthcare professionals* includes nurses and licensed clinical psychologists, physical therapists, occupational therapists, physicians' assistants, and athletic trainers working under the supervision of a physician. 105 ILCS 5/22-80(b). *Non-licensed healthcare professionals* is not specifically defined. Therefore, it is not entirely clear if a Team may include an individual, i.e., a building principal that is not mandated to take the training. As a matter of best practice and to reduce liability, all Team members should receive the training; however, consult with the board attorney for further guidance.

Restrictions on Publications Written or Electronic Material

School-Sponsored Publications and Web Sites

School-sponsored publications, productions, and web sites are part of the curriculum and are not a public forum for general student use. School authorities may edit or delete material that is inconsistent with the District's educational mission.

All school-sponsored communications shall comply with the ethics and rules of responsible journalism. Text that is libelous, obscene, vulgar, lewd, invades the privacy of others, conflicts with the basic educational mission of the school, is socially inappropriate, is inappropriate due to the maturity of the students, or is materially disruptive to the educational process will not be tolerated.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

Non-School Sponsored Publications and Web Sites Accessed or Distributed At School

Students are prohibited from accessing and/or distributing at school any written or electronic material, including material from the Internet that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds; or
5. Is distributed in kindergarten through eighth grade and is primarily prepared by non students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the School District.

Accessing or distributing "at school" includes accessing or distributing on school property or at school-related activities. A student engages in gross disobedience and misconduct and may be disciplined for: (1) accessing or distributing forbidden material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school.

Student-Created or Distributed Written or Electronic Material Including Blogs

A student engages in gross disobedience and misconduct and may be disciplined for creating and/or distributing written or electronic material, including Internet material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.

Restrictions on Publications; Elementary Schools 1

[For elementary or unit districts only]

School-Sponsored Publications and Web Sites

School-sponsored publications, productions, and web sites are part of the curriculum and are not a public forum for general student use. ² School authorities may edit or delete material that is inconsistent with the District's educational mission.

All school-sponsored communications shall comply with the ethics and rules of responsible journalism. Text that is libelous, obscene, vulgar, lewd, invades the privacy of others, conflicts with the basic educational mission of the school, is socially inappropriate, is inappropriate due to the maturity of the students, or is materially disruptive to the educational process will not be tolerated.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

Non-School Sponsored Publications Accessed or Distributed On-Campus 3

For purposes of this section and the following section, a *publication* includes, without limitation: (1) written or electronic print material, (2) audio-visual material on any medium including electromagnetic media (e.g., images, MP3 files, flash memory, etc.), or combinations of these whether off-line (e.g., a printed book, CD-ROM, etc.) or online (e.g., any website, social networking site, database for information retrieval, etc.), or (3) information or material on electronic devices (e.g., data or voice messages delivered by cell phones, tablets, and other hand-held devices). ⁴

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law controls this policy's content. This policy concerns an area in which the law is unsettled. It applies to elementary and unit districts with both elementary and high school students only. Unit districts should have this policy and policy 7:315, *Restrictions on Publications; High Schools*. The Speech Rights of Student Journalists Act, 105 ILCS 80/5, added by P.A. 99-678 applies to high school and unit districts.

² School authorities may reasonably regulate student expression in school-sponsored publications for education-related reasons. *Hazelwood School District v. Kuhlmeier*, 108 S.Ct. 562 (1988). This policy allows such control by clearly stating that school-sponsored publications are not a "public forum" open for general student use but are, instead, part of the curriculum.

A school board that does not retain control of student publications can anticipate at least two problems: (1) how to keep content consistent with the district's mission, and (2) how to ensure that the Constitutional rights of third parties are not violated by student journalists. Concerning the second problem, a third party may seek to hold the district responsible for the student journalists' acts. See *Yeo v. Town of Lexington*, 131 F.3d 241 (1st Cir. 1997), *cert. denied* (1998).

³ Non-school sponsored publications, like underground newspapers, cannot be subject to the same degree of regulation by school authorities as school-sponsored publications. Absent a showing of material and substantial interference with the requirements of good discipline, students retain their First Amendment free speech rights. The federal circuits disagree on whether school authorities may require prior approval before a student is allowed to distribute non-school-sponsored publications. The Seventh Circuit, which covers Illinois, refused to approve prior approval regulations. *Fujishima v. Board of Education*, 460 F.2d 1355 (7th Cir., 1972), but see *Baughman v. Freienmuth*, 478 F.2d 1345 (4th Cir., 1973). Non-school sponsored web sites should be regulated in the same manner as non-school sponsored publications.

A school policy prohibiting junior high students from distributing written material at school that is prepared by non-students was upheld in *Hedges v. Wauconda Community Unit School Dist. No. 118*, 9 F.3d 1295 (7th Cir. 1993).

⁴ The definition of *publication* is optional and may be amended. This sample definition uses broad and generally understood terms to keep the policy current with rapid technology changes.

Creating, distributing, and/or accessing non-school sponsored publications shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the School District.

Students are prohibited from creating, distributing, and/or accessing at school any publication that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities; ⁵
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright; ⁶
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or *sexting* as defined by School Board policy and Student Handbooks; ⁷
4. Is reasonably viewed as promoting illegal drug use; ⁸ or
5. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students. ⁹

Accessing or distributing *on-campus* includes accessing or distributing on school property or at school-related activities. A student engages in gross disobedience and misconduct and may be

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

⁵ For example, a school district may discipline a student for writing an underground newspaper, and distributing it at school, that contained an article on how to hack into the school's computer. School authorities could reasonably believe the article would be disruptive. Boucher v. School Board of the School District of Greenfield, 134 F.3d 821 (7th Cir., 1998).

⁶ School officials may not regulate student speech based upon their fear or apprehension of disturbance. Many decisions address the tension between students' right to free speech and restrictions of it on campus. See, for example:

Brandt v. Board of Educ. of City of Chicago, 480 F.3d 460 (7th Cir., 2007), *cert. denied* (2007) (school did not violate students' First Amendment rights when it disciplined students for wearing T-shirts with a "talentless infantile drawing" that school officials reasonably found to undermine the educational atmosphere).

Nuxoll v. Indian Prairie School Dist. #204, 523 F.3d 668 (7th Cir., 2008) (holding that the student was likely to succeed on merits of his claim that the school would violate his speech rights by preventing him from wearing T-shirt with slogan "Be Happy, Not Gay").

J.C. v. Beverly Hills Unified Sch. Dist., 593 F.3d 249 (3rd Cir. 2010) (discussed the "rights of others to be secure and let alone" argument from Tinker, but found that the school district violated a student's First Amendment rights for disciplining her when she posted a video clip on a website).

B.H. v. Easton Area School District, 725 F.3d 293 (3rd Cir 2013), *cert. denied* (2014) (school violated students' free speech rights by banning the wearing of cancer awareness bracelets containing the caption *I ♥ boobies*).

⁷ Be sure that the board's definitions for *sexting* in this policy aligned with other definitions used throughout the board's policy manual. For example, see the discussion within sample administrative procedure 7:190-AP5, *Student Handbook-Electronic Devices*. There, sexting encompasses the term *indecent visual depiction* as defined by 705 ILCS405/3-40. It defines indecent visual depiction as a depiction or portrayal in any pose, posture, or setting involving a lewd exhibition of the buttocks, or if such person is a female, a fully or partially developed breast of the person. However, a district may create or have another definition of sexting that may or may not encompass the statutory term indecent visual depiction.

⁸ Morse v. Frederick, 551 U.S. 393 (2007).

⁹ Optional. The rationale for this section is that prior to high school, students have not developed sufficient experience and education in critical review of external resource materials. Accordingly, in order to accomplish the district's educational mission, yet allow students the opportunity to communicate with their fellow students, widespread student distribution of written material in elementary and middle school may be limited to material primarily prepared by the students themselves. Hedges v. Wauconda Community Unit School Dist. No. 118, 9 F.3d 1295 (7th Cir. 1993); Leal v. Everett Public Schools, 2015 WL 728651 (W.D.Wash. 2015).

disciplined for: (1) accessing or distributing forbidden material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school. **10**

Non-School Sponsored Publications Accessed or Distributed Off-Campus **11**

A student engages in gross disobedience and misconduct and may be disciplined for creating and/or distributing a publication that: (1) causes a substantial disruption or a foreseeable risk of a substantial disruption to school operations, or (2) interferes with the rights of other students or staff members.

Bullying and Cyberbullying **12**

The Superintendent or designee shall treat behavior that is *bullying* and/or *cyberbullying* according to Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy.

10 For example, a school district may discipline a student for writing an underground newspaper, and distributing it at school, that contained an article on how to hack into the school's computer. School authorities could reasonably believe the article would be disruptive. Boucher v. School Board of the School District of Greenfield, 134 F.3d 821 (7th Cir., 1998).

11 Optional. School officials must proceed carefully before disciplining a student for out-of-school conduct. A school's authority over off-campus expression is much more limited than expression on school grounds. Many decisions address the tension between public schools' authority to discipline students for off-campus speech and students' right to free speech. However, school officials may generally: (1) remove a student from extracurricular activities when the conduct code for participation requires students to conduct themselves at all times as good citizens and exemplars of the school (see 7:240, *Conduct Code for Participants in Extracurricular Activities*); and (2) suspend or expel a student from school attendance when the student's expression causes substantial disruption to school operations, as provided in this policy (see also 7:190, *Student Behavior*). For example, see:

J.S. v. Blue Mountain Sch. Dist., combined with Layshock v. Hermitage Sch. Dist., 650 F.3d 205 (3d Cir. 2011), cert. denied(2012) (schools may not punish students for their off-campus indecent and offensive parodies of their principals, absent a showing that the parodies caused, or could cause, substantial disruption in the schools).

Kowalski v. Berkeley Cnty. Sch., 652 F.3d 565 (4th Cir. 2011), cert. denied (2012)(upheld a student's suspension for off-campus posts to a social network site that defamed a classmate because it was foreseeable that the expression would reach the school and the student's conduct involved substantial disruption and interference with the work and discipline of the school).

The statutory definition of *bullying* includes *cyberbullying* (105 ILCS 5/27-23.7); these terms are defined in 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment* (see also f/n 6 and 7:190-AP6, *Guidelines for Investigating Sexting Allegations*).

Consult the board attorney for guidance concerning off-campus speech. Every situation is fact specific and the issues require careful evaluation.
