Millburn Community Consolidated School District 24

Account Creation Consent Form

The Code of Federal Regulations through the Children's Online Privacy Protection Act "COPPA," requires the consent of parents/guardians to create the necessary online accounts so that our iPads function properly and can be used most effectively in the classroom. These accounts include, but are not limited to, a Google Apps for Education email account to be used for school and educational purposes only, and an account for the Learning Management System, Schoology. The signature on this form gives the consent of the parents/guardians of the students listed to authorize Millburn District 24 to create the aforementioned accounts and any online account necessary for instructional purposes.
